

If you saw people flocking in one direction, odds are they were heading to the Lifestyle Pavilion. There was ongoing live entertainment, raffles, demonstrations, and even free CPR classes. Throughout the weekend the Lifestyle Pavilion was the place to be, featuring many sponsors from all different categories of services. Guests had the opportunity to plan their next vacation, go shopping for the latest fashions, or just enjoy the company of their families in a fun environment. To close the evening, guests enjoyed a special performance by GRAMMY® Award Winner, Willy Chirino.
