

Practical Software Solutions Selects Trapp Online as Preferred Hosting Provider

Custom Sage application hosting now available to Businesses in North Carolina and the Southeast through the agreement

Scottsdale, AZ. – April 25, 2014 – Scottsdale based Trapp Online, www.traponline.com, a provider of industry-specific cloud hosting solutions, is proud to announce that Practical Software Solutions, www.practicalsoftwaresolutions.com, a Sage North America business partner specializing in the sales, installation, and support of Sage ERP, CRM, CRE and HR software, has signed Trapp Online as their Preferred Provider for Application Hosting Services.

The agreement brings together Practical Software Solutions' accounting, manufacturing, distribution, service management and professional services software solutions and Trapp Online's custom application hosting platform for Sage software. Practical Software Solutions' customers can now more readily enjoy the benefits of the cloud with application hosting through Trapp Online.

"Practical Software Solutions, an award-winning Sage Business Partner, provides real solutions that generate outstanding results," said DJ Jones, Vice President of Marketing, Trapp Corp. "We are honored to team up with them to offer hosting to their clients in the Southeast."

Under the terms of the agreement, Trapp Online will provide hosting services at discounted rates and Practical Software Solutions will jointly market Trapp Online's hosting services to prospects and existing customers.

"Our clients recognize the business value of being on the cloud," said Vince Stamey, chief executive officer, Practical Software Solutions. "Trapp Online's experience hosting Sage applications means we can connect them with a proven and reliable cloud provider."

By partnering with Trapp Online, Practical Software Solutions gains a cloud solution optimized for Sage application integration, generating new sales opportunities. Companies hosted by Trapp Online enjoy less IT maintenance, enhanced data security and secure remote access anywhere they have an internet connection—at the office, at home, or on the road. Reduced capital expense, budget predictability and improved productivity make hosting an attractive option for Practical Software Solutions' clients.
