Invitation

OMICS Group welcomes you to attend the 5th International Conference and Exhibition on Analytical & Bioanalytical Techniques during August 18-20, 2014 at Beijing, China.

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Analytical & Bioanalytical Sciences.

Analytica Acta-2014 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS Group Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "Critical Review on Recent Developments in Analytical & Bioanalytical Techniques".

Regards,

Symposium

All the interested people can register for the workshop at:

www.pharmaceuticalconferences.com/analytical-bioanalytical-techniques-2014/registration.php mail us at: analytica2014@omicsonline.us

Conference Highlights

- Novel Approaches to Analytical and Bioanalytical Methods
- Analytical Methodology
- Bioanalytical Methodology
- Analytical Techniques in Pharmacogenomics
- NMR & Analysis of Small Organic Molecules
- Advances in Chromatography and Mass Spectrometry
- Analytical Techniques in Immuno Chemistry
- Environmental Analytical Aspects
- Applications of Analytical and Bioanalytical Methods
- Diagnostic Assays and Test Kits
- New Instrumentation and Equipment
- Regulatory Issues and Biosafety Challenges in Bioanalysis

Best Poster Award

Student Poster Competition is organized at OMICS Group Conferences, to encourage students and recent graduates to present their original research which will be later published in the OMICS Group Journals. All accepted abstracts will be presented at the poster sessions during the conference.

Young Researcher Award

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers. They can present their research in the form of an Oral presentation.

About Us

OMICS Group Journals

- 300 Open Access Journals
- 21 Day rapid review process
- 22000 Editorial team, 27000 Reviewers team
- 2.5 Million readers and high visibility
- More than 100000 facebook
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

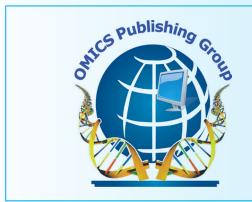

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS Group Conferences

- 80 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- · Connecting scientific community

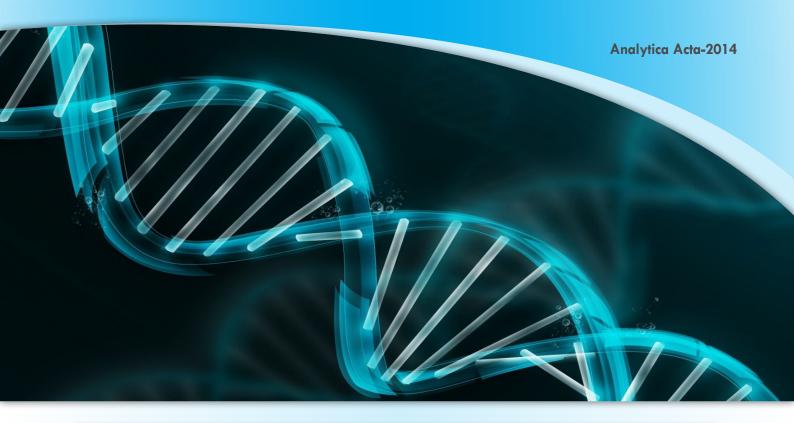

Special Issues

All accepted abstracts will be published in respective OMICS Group Journals

Each abstract will be provided with digital Object Identifier by

The field of Analytical & Bioanalytical Chemistry is growing rapidly and its development is making tremendous impacts in medical sciences and pharmaceuticals. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Analytica Acta-2014

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS Group Journals,
 - Journal of Analytical & Bioanalytical Techniques
 - Journal of Chromatography & Separation Techniques
 - Pharmaceutica Analytica Acta
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging ideas
- Share your excitement in promoting Analytical Sciences & Pharmaceutical R & D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma & Industry Developers

About Beijing

Beijing formerly Romanized as Peking is the capital of the People's Republic of China and one of the most populous cities in the world, with a population of 19,612,368 as of 2010. The metropolis, located in northern China is governed as a direct-controlled municipality under the national government, with 14 urban and suburban districts and two rural counties. Beijing Municipality is surrounded by Hebei Province with the exception of neighboring Tianjin Municipality to the southeast.

Beijing is China's second largest city by urban population after Shanghai and is the country's political, cultural, and educational center and home to the headquarters for most of China's largest state-owned companies. Beijing is a major transportation hub in the national highway, expressway, railway and high-speed rail network. Beijing's Capital International Airport is the second busiest in the world by passenger traffic.
