Invitation

OMICS Group welcomes you to attend the **3rd International Conference on Medicinal Chemistry & Computer Aided Drug Designing** during December 08-10, 2014 at San Francisco, USA.

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Medicinal Chemistry & Computer Aided Drug Designing.

MedChem & CADD-2014 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS Group Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "**Exploring the Current Techniques and Practices in the Field of Medicinal Chemistry & Computer Aided Drug Designing**".

Regards,

MedChem & CADD-2014 Organizing Committee

About Us

OMICS Group Journals

- 300 Open Access Journals
- 21 Day rapid review process
- 22000 Editorial team, 27000 Reviewers team
- 2.5 Million readers and high visibility
- More than 100000  fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS Group Conferences

- 80 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective OMICS Group Journals

Each abstract will be provided with digital Object Identifier by 

The field of Medicinal Chemistry and Drug Designing is growing rapidly and its development is making tremendous impacts in medical sciences and pharmaceuticals. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

MedChem & CADD-2014

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS Group Journals,
 - Medicinal Chemistry
 - Drug Designing: Open Access
 - Biochemistry & Pharmacology: Open Access
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging ideas
- Share your excitement in promoting Health care, Clinical R & D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma, Biotech & Healthcare, Industry Developers

About San Francisco

San Francisco, officially the City and County of San Francisco, is the 4th most populous city in California and the 12th most populous city in the United States, with a 2008 estimated population of 808,977. The only consolidated city-county in California, it encompasses a land area of 46.7 square miles (121 km²) on the northern end of the San Francisco Peninsula.

Today, San Francisco is a popular international tourist destination, renowned for its chilly summer fog, steep rolling hills, eclectic mix of Victorian and modern architecture and its famous landmarks, including the Golden Gate Bridge, cable cars, and Chinatown. The city is also a principal banking and finance center, and the home to more than 30 international financial institutions, helping to make San Francisco 18th place in the world's top producing cities, 9th in the United States, and 15th place in the top twenty Global Financial Centers. San Francisco is unique in that a few of its parks and nearly all of its beaches within city limits form part of the regional Golden Gate National Recreation Area, which is one of the most visited units of the National Park system in the United States, with over 13 million visitors a year. It is also one of the largest urban parks in the world. The beaches and parks that form the Golden Gate National Recreation Area in San Francisco include Ocean Beach that runs along the Pacific Ocean shoreline and is frequented by a vibrant surfing community; Baker Beach which is located in a cove west of the Golden Gate and part of the former military base, the Presidio. Within the Presidio is Crissy Field, a former airfield that was restored to its natural salt marsh ecosystem. The GGNRA also administers Fort Funston, Lands End, Fort Mason, and Alcatraz. The National Park Service also separately administers the San Francisco Maritime National Historical Park—a fleet of historic ships and waterfront property around Aquatic Park.

Conference Details

Venue

DoubleTree by Hilton Hotel San Francisco Airport
835 Airport Blvd., Burlingame
94010-9949, USA
Tel: +1-650-344-5500
Fax: +1-650-340-8851

Important Dates

Abstract submission opens: July 22, 2013
Registration opens: July 29, 2013
Early bird registration: June 16, 2014
On spot registration: December 08, 2014
