Edvance360 LMS-SN partners with Enrollware, Online Class Registration and Management Providers

Edvance360 LMS-SN, today announced a partnership featuring an automated integration with Enrollware™, a leading provider of online class registration and management.

(Virginia Beach, VA – June 2014) Edvance360, a leading provider of eLearning services and software solutions and a CODiE 2011 winner for "Best Post-Secondary Course or Learning Management System", announced a partnership with Enrollware to provide a tight, automated integration.

> "This integration benefits Enrollware customers by automatically activating their students who sign up via Enrollware software into the appropriate courses on our LMS," said Cathy Garland, Vice President of Marketing & Sales. "We are delighted to announce this integration and look forward to serving Enrollware training centers, supporting them by providing our award-winning service and support, as they begin to move into the online learning world."

> "Enrollware is proud to announce the rollout of our integration with Edvance360, an award winning online learner management system (LMS)," said Steve Johnson, Enrollware's Director of Technology. "With this integration, Enrollware clients can now offer custom courseware in a blended or online format to their students using the automated Enrollware class registration system. Once the student's online registration and payment is completed, they are automatically activated in the Edvance360 LMS and assigned the appropriate courses."

We invite you to consider joining Edvance360. We offer:

- **Unparalleled Personal Support –** Edvance360 is a demonstrated leader in its commitment to personalized support for its clients.
- **Affordable Pricing** – Edvance360's pricing is significantly lower than any of the other commercial vendors. Pricing is well below competitor prices.
- **Forward-Thinking Commitment –** Edvance360 was the first LMS to combine social networking and other Web 2.0 tools (Wikis, Blogs, RSS feeds, etc.) with the academic features in a Learner Management System.
- **Open Standards and Specifications** – Edvance360 supports SCORM and Common Cartridge
- **Learning Outcome Management (LOM)** – Use our intuitive LOM tools to assess and manage learning outcomes on student, course, and institutional levels (no additional cost).
- **ePortfolios** – Enables students at colleges to manage a professional portfolio containing skills developed, documents published, experience gained, and recommendations garnered from teachers (no additional cost).

About Edvance360

Edvance360 is an Internet-based Learner Management System (LMS) and secure social network that enables institutions to implement a successful online academic program. Edvance360 equips schools, corporations, and organizations to host online courses, implement modular courses, and revitalize residential courses. Edvance360 was designed by educators for educators, with insight provided by many of the leading educational design experts.

Our clients enjoy a high return on their investment, personalized support, and customizable solutions. We do not believe a one-size-fits-all approach is beneficial to our clients, so we are committed to adapting Edvance360 to fit the needs of the rapidly changing world of education.

Edvance360 is headquartered in Norfolk, Virginia, with operations in Valdosta, Georgia. For more information, please visit www.Edvance360.com or call 866-458-0360.

About Enrollware

Enrollware, developed by Ordered Wave, LLC, has offices in Boca Raton, Florida and Palm Desert, California, Enrollware combines industry expertise with innovative technology to deliver "Best in Class" American Heart Association course registration solutions. Enrollware is dedicated to providing American Heart Association training centers, training sites and instructors with easy-to-use, web-enabled automation for class management, rosters, card printing and administration solutions that allow clients to grow profits, reduce costs and better serve their customers.

Enrollware has taken over 40 years of combined information technology, software development, Internet development and ECC provider website development to deliver a robust class and registration management product designed with customer satisfaction as the primary goal. Enrollware is a privately held company and knows that success will be in direct proportion to their ability to help their customers succeed. That's why at Enrollware, customers always come first. Enrollware's purpose is to help customers operate their businesses more efficiently and effectively by automating business processes related to class scheduling, class registration, records management, certification card printing, payment processing and remarketing.

Enrollware can be accessed at http://www.enrollware.com.
