

The All-New Jaguar F-TYPE Coupe Debuts at THE COLLECTION, Miami

MIAMI –THE COLLECTION, Miami's foremost [luxury automotive dealership](#), announced that the all-new Jaguar F-TYPE Coupe has arrived in their Coral Gables showroom. The F-TYPE Coupe is the most dynamically capable, performance-focused sports car that Jaguar has ever produced, and is the latest in a distinguished bloodline of cars.

The pulse-quickening F-TYPE Coupe brings together effortless, exhilarating performance, instant response and precise, agile handling with everyday refinement and usability. Supercharged engines, lightweight aluminum body construction and advanced driving technologies deliver an experience that is intuitive, instinctive and alive.

"The [Jaguar F-TYPE Coupe](#) provides drivers with a unique sports car experience," said Ken Gorin, President and CEO of THE COLLECTION. "The combination of seductive design with cutting-edge technology and performance creates a vehicle that is truly breathtaking."

The all-aluminum F-TYPE Coupe embodies the uncompromised design vision of the stunning and award-winning Jaguar C-X16 concept. Its dramatic cabin-rearward stance is defined by three heartlines. The first two heartlines – shared with F-TYPE Convertible – form the muscular front and rear wings, the third heartline being the sweeping Coupe roof profile which provides an unbroken silhouette while emphasizing the visual drama of the tapered cabin sitting between powerful rear haunches.

Jaguar's industry-leading expertise in [aluminum technology](#) has enabled the design vision for the F-TYPE Coupe to be delivered in a lightweight, yet extremely strong, bodyshell. Torsional rigidity for all F-TYPE Coupe variants is 33,000 Nm/degree. It is the most torsionally rigid production Jaguar ever, and this rigidity provides the basis for excellent dynamic attributes.

The [Jaguar F-TYPE Coupe is for sale](#) in three versions: F-TYPE R, F-TYPE S and the F-TYPE.

The model line-up is headlined by the F-TYPE R Coupe, which offers outstanding levels of dynamic capability and control. Its 5.0 liter supercharged V8 engine produces 550 horsepower, accelerating from 0-60 mph in just 4.0 seconds.
