

Shaping The Future Of International Trade

CORPORATE PROFILE

CORPORATE PROFILE

VEOTRADE LIMITED

OUR VISION

“THE WORLD’S SUPPLIER”

Veotrade endeavours to become the world's leading one-stop source general supplier of top quality products and trade services. Using innovative technology and practices that would bridge all cultural barriers and common obstacles of trade. We believe that by being a single accessible source for all of client's buying requirements and being able to supply a large range of products and services essential to a country's development; we bring forth efficiency, accessibility, and simplicity that would redefine the convenience of international trade and encourage ultimate growth for businesses that trades with us, and the respective countries they represent.

Our vision of the future is the possibility of globalisation from a single trusted source that is universally acceptable. Without compromising cultural differences in practice and law in the respective trading countries. By offering the multiplicity resembling that of a department store and universal accessibility of an online retailer, as a one stop solution for general global trade demands – we introduce a business model that would naturally foster quality standards, cost efficiency, and healthy competition in international trade.

OUR SERVICES

SUPPLYING YOUR BUSINESS WITH THE PRODUCTS AND RESOURCES YOU NEED

FOOD SERVICES AND DISTRIBUTION

One of our highly successful divisions is the Fresh/Frozen meat & poultry products. Our UK market share has seen exponential growth in a short period of time, which is a testament to the quality of products that we provide.

SCRAP MATERIALS & RECYCLABLES

We supply and procure a variety of scrap materials (metals, plastics, etc) for businesses and industry with usages ranging from recycling to direct manufacture.

MINERAL RAW MATERIALS & COMMODITIES

We supply large development and construction project's general procurement needs, and materials for land reclamation projects such as Marine Sand among many. Veotrade is currently servicing the South-East Asia region focusing on Singapore, Hong Kong and other nearby markets. In addition we deal with a variety of general commodities.

GENERAL PROCUREMENT AND TENDERS

Our services extend beyond the supply of general commodities, we also provide procurement and tendering services to address the needs of larger or more sensitive projects. In addition, we work to ensure that any relevant permits and local legislation is accounted for in order to provide peace of mind for our customers.

WHY WORK WITH US

FOCUS ON OUR NETWORKS

We have vast resources and strategic relations within our global network, with particular strength in South East Asia. Our team and strategic partners has extensive experience in acquiring concessions that are difficult to procure such as minerals, raw materials, natural resources, and any materials that meets tender project's specifications. This gives us an unparalleled advantage over competitors.

CUSTOMER SERVICE

As a testament to our dedication to customer service and excellence, we provide one-stop source services that extends to lobbying, and the successful application for exploitation permits, export permits, environmental approval after conducting fair environmental impact studies, providing detailed test reports of the materials, and drawing construction plans detailing methods of extraction, handling, transportation, and dumping, diligently designed for the successful execution of our client's project(s). This is not an exhaustive list and we are able to supply products and services specifically catered to customer needs.

GLOBAL REACH

Veotrade Limited has global reach and succeeds in achieving coverage of all major world markets. With our multilingual capabilities, barriers such as language and local market knowledge don't become issues any more. With our help customers can carry out overseas transactions safely knowing that we utilize internationally recognized procedures and practices.

About Us

Veotrade Limited is an international diversified general supplier and procurement tendering company with special focus in the supply of food products, mineral raw materials, and various commodities.

We operate from our office at one of London's major financial centres in Canary Wharf, and various cities across Asia where we acquire and invest in the best products available around the world.

Our group's activity is the general supply of our diverse portfolio of products to the global market with the determination to spur financial growth for businesses and economic growth for countries we trade with. We achieve this by constantly investing into the quality of our products, technological advances, supply chain management efficiency, practical resources, and innovation that ultimately benefits our client's business in their respective industry.
