

Simple Snap™

Screen Protector

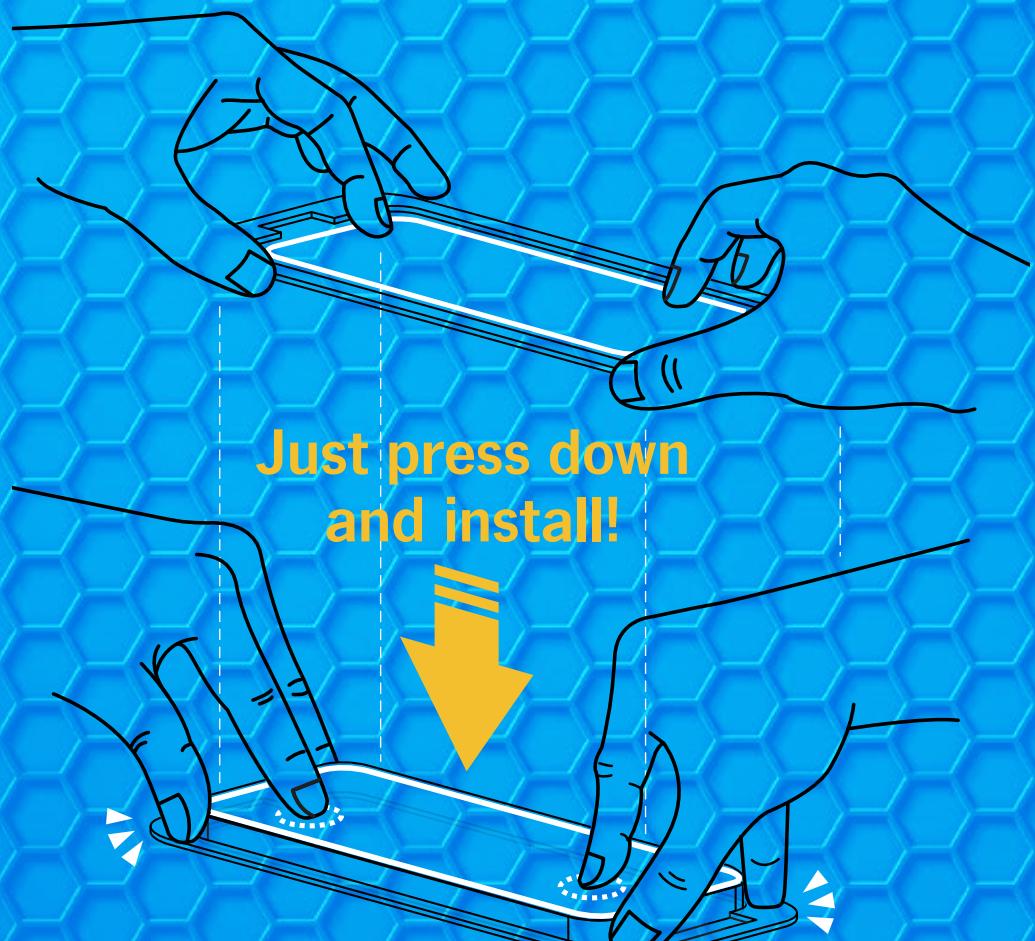

Lifetime Warranty

SimpleSnap.com

**Now protecting devices is
so simple...it's a snap!**

**Just press down
and install!**

**How To Video
(CLICK HERE)**

Our Mission:

To offer a quick and simple protection method for smartphones and tablets utilizing effortless technology that anyone can use.

What is the problem?

Screen protectors are historically grueling to install. It is a difficult task to align the protector properly so that it goes on evenly. Constantly removing and repositioning the protector causes it to bend and trap dust and air bubbles.

Patented Position-Lock Design solves the problem!

Simple Snap comes with a disposable mold that fits perfectly around the device. Simply push the mold over the device until it snaps off and leaves the screen protector flawlessly installed.

Quarter of iPhones have a broken screen, says new poll*

As many as a quarter of iPhone owners are walking around with a broken screen, according to new insurance figures.
