What makes **Bizagi** different?

Simplicity

Simple is smart. Clutter-free screens, plus an easy to use intuitive design deliver an optimal user experience whether on desktop, mobile or tablet.

Speed

Designed for reuse, built for integration. Transform process maps into running applications without code. No other BPMS gets you to market so quickly.

Light Footprint

Less hardware, lower implementation costs, fewer consultants. All delivered at 20-30% costs of other BPM systems and 10% of in-house development.

Collaboration

Say goodbye to silos and departmental divisions. Join the dots between business and IT by hiding away unnecessary complexities so your people can focus on what matters.

“ Clean and intuitive,
Bizagi is the Apple of BPM software. ”

Over 350 customers rely on Bizagi to transform their businesses resulting in improved efficiencies, shorter time-to-market and better adaptability.

Contact us today to understand
how we could do the same for you.
