

FOR IMMEDIATE RELEASE

COMPANY PROFILE

Langlade Springs provides high quality natural alkaline mineral spring water to customers through private label and branded programs. Centrally located in Northern Wisconsin, we manufacture and bottle right at the source to ensure ease of shipping across the U.S. and internationally.

PREMIUM PURE WATER

Our water offers a refreshing taste with one of the highest natural 7.8+ pH factors available, so it's naturally healthy. Ice Age glaciers created the aquifer that produces our water. Springs are monitored constantly to ensure initial water purity remains unchanged. Inside our plant, water is UV treated and micron filtered to ensure the highest quality level.

PRIVATE LABEL SPECIALISTS

Complete cold-fill custom mixing, private label and co-packing capabilities allow us to package specialty water or beverages by the truckload. Customers can choose from multiple sizes of single serve 100% recyclable PET bottles as well as eco-friendly RPET and ENSO™ biodegradable options.

Langlade Springs Expands Custom Bottled Water Offering

July 22, 2014 — Polar, WI

Langlade Springs announces the introduction of two larger bottled water sizes to meet the needs of their private label customers ... 23.6 fl. oz. and 33 fl. oz. All 24-pack, single serve bottles are available in 100% recyclable PET as well as eco-friendly RPET and ENSO™ biodegradable options. These quality custom water bottles are a heavier gram weight to provide added firmness and durability, so they stand up to the active lifestyles of today's health-conscious consumer.

The expanded offering now includes:

- Standard style: 12 fluid oz. (355 mL), 16.9 fluid oz. (500 mL) & 20 fluid oz. (591 mL)
- Bullet style: 16.9 fluid oz. (500 mL), 23.6 fluid oz. (700 mL) & 33 fluid oz. (1L)

Additional custom options are available with a qualifying minimum order.

Langlade Springs provides high quality natural alkaline mineral spring water to customers through private label and branded programs across the U.S. and internationally. Centrally located in Northern Wisconsin, Langlade Springs manufactures and bottles specialty water and beverages right at the single source.
