

Meducate® Dietary Booklets

- Improves inter-office efficiency by saving valuable clinician time
- Facilitates compliance with Medicare's *Meaningful Use* guidelines
- Easy to read
- Convenient for patients and family members
- Over 50 titles available

The information and nutrition facts within the Meducate® Dietary Booklets are designed to help your patient partner with you to improve their health. Often included are lists of foods to choose or limit, nutrition content of specific foods, helpful hints and sample menus. The diet plans encourage patients to make positive changes by creating an understanding of why these changes are necessary. Meducate Dietary Booklets were created by gastroenterologists to explain the purpose and special considerations of each topic.
