

## Take Reservations & Manage Your Business

The Lavu Hospitality suite was built for hotels and hospitality establishments. By combining Lavu iPad POS with a collection of basic hospitality industry tools, Lavu Hospitality is an all-in-one solution that will help you run your business.

### Lobby Services

Use Lavu Hospitality to manage your guests. Store guest data indefinitely including history, contact information, birthdays, etc. Create custom contracts to streamline the checkin process.

**Customer Reception** - greet your guests and easily find their information

**Room Service** - charges are added to the bill automatically

**Policy Overview** - review checkin policies with guests directly from the iPad

**Customizable Checkout** - management can customize the required fields for the checkout process

### Customer Facilitation

Room reservations are integrated into your hotel's website, which includes times, payments options and add-ons. Emails will be sent automatically before checkin, which can be customized to show available activities, advertisements and satisfaction survey follow-ups.

**Online Booking** - guests can place reservations online

**Marketing Campaigns** - create and monitor campaigns based on data

**Suggested Selling** - choose add-on options for your guests to apply to their reservation

**Reminders** - automatic notifications, email reminders, and online surveys

### Restaurant Services

Lavu Hospitality includes a full-featured iPad POS solution to help you run your in-house restaurants. Robust sales and product reports, accounting information, and inventory tracking are included with an intuitive front-of-house based on easy to use iPads.

**Complete POS** - a full-featured Lavu iPad POS is integrated into your hospitality solution

**Tableside Ordering** - assign tables to guests and customers

**Robust Reports** - know your business with end of day sales, accounting and product reports

**Direct Credit Card Integration** - easily process credit card payments from the iPad
