SPTechCon Concierge Program

Have you ever been to a large conference and just felt lost? One very big challenge for conference attendees is assuring that the knowledge and tools gained are actually applied to the issues they face back in their workplace.

Our consultative approach before, during, and after the event will help you get the most value out of SPTechCon; we'll provide expert guidance and recommendations for you on all technical and nontechnical activities.

Atrion's innovative event concierge experience will be your guide, and your answer for everything. You'll be able to navigate through the conference with us by your side to guarantee you learn exactly what you need to deliver major outcomes for your organization.

What is SPTechCon?

At SPTechCon Boston 2014, you'll learn about the differences between Office 365, cloud-hosted SharePoint, on-premises SharePoint, and hybrid solutions and build your company's SharePoint Roadmap! With a collection of the top SharePoint MVPs and expert speakers, more than 80 classes and tutorials to choose from and panels focused on the changes in SharePoint, SPTechCon will teach you how to master the present and plan for the future.

For more information about Atrion's SPTechCon Concierge Program, please contact us at 800-890-4526.

The Fusion of Business
and Technology

SPTechCon Concierge Program

Concierge Program Agenda:

Pre-Event Assistance

- Map conference objectives: look at business goals, what educational value you and staffers will gain, and who should attend
- Provide a tailor-made schedule & class recommendations for you based on your business needs.
- Schedule post-event debrief to give you 1-on-1 time with an Atrion SharePoint expert
- Tips to help you navigate around SPTechCon

Guidance During Event

Come visit Atrion's community hub booth 901:

- Access to a dedicated "downtime" lounge to rest, collaborate and recharge devices
- Share ideas with peers, and connect with SharePoint community and industry leaders
- Access to Atrion SharePoint experts for technical discussions and questions

Debrief Post-Event

Your personal post-event debrief with an Atrion SharePoint expert includes:

- Q&A opportunity
- Strategic discussion around SharePoint based on your conference experience
