

iPatientCare to Showcase the Patient Kiosk, Institutional Billing, RCM services and ICD-10 Ready EHR and PMS at Upcoming MGMA 2014 Annual Conference, October 26-29, 2014

Visit iPatientCare Booth #641 at MGMA 2014 Annual Conference at the Las Vegas, NV.

iPatientCare, Inc., a pioneer in mHealth and cloud-based ambulatory EHR and integrated Practice Management solutions announced to showcase the Patient Kiosk, Institutional Billing, RCM services and ICD-10 Ready EHR and PMS at Upcoming MGMA 2014 Annual Conference, October 26-29, 2014.

iPatientCare, the leader in ambulatory and inpatient market space continues to lead the healthcare industry when it comes to developing software solutions designed to provide better outcomes at reduced cost.

“iPatientCare Patient Kiosk revolutionizes healthcare industry by streamlining the patient check-in process in a physician’s office”, said Shripal Shah, Senior Technology Officer, iPatientCare. We would be demonstrating the customizable Patient Kiosk integrated with iPatientCare EHR and PMS at MGMA 2014. “Our Kiosk is designed to revolutionize patient experience at medical offices. It automates a patient’s check-in process and minimizes the wait time, reduces front desk’s workload, and delights patients by giving them an opportunity to experience a flawless check-in”, he further commented.

iPatientCare, Inc. a leading provider of EHR & PMS system is pleased to demonstrate the Institutional Billing for doctor's offices, inpatient and outpatient hospital to drive efficient invoicing and managing receivable, while helping to meet today’s increasing regulatory requirements.

“Our Institutional billing Module allows entry of information needed to create institutional (UB04) claims. It includes extra forms for entering institutional data for accounts and visits. Each practice can configure Charge Description Master along with fees, CPT/HCPS and DRG code. The module supports line-item or revenue billing, and claims can be sent both electronically and on paper and designed specifically to help healthcare offices increase cash flow and save valuable time”, said Vipul Patel, Senior Technology Officer, iPatientCare.

“We would also showcase our Clinically-driven Revenue Cycle Management Services, a One-stop solution that enables physicians’ office to manage revenue in an integrated manner across the enterprise”, said Shahab Shaikh, Enterprise Integration Specialist, iPatientCare. We provide various integrated features like patient payment, Patient Statement Service, Printed claim and Lockbox service which can help practice to speed up their Practice cash flow.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at [ONC Certified Health IT Product List](#).

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder technology to the US Army for its Theatre Medical Information System, the first to offer a Cloud based EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded most number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
