FOR IMMEDIATE RELEASE

Atlas RFID Solutions Included in Inc. 5000 List for Third Consecutive Year
Company Rises 75 Spots to Rank 853 with Three-Year Sales Growth of 528%

Birmingham, Ala., August 21, 2014—Atlas RFID Solutions, the world leader in comprehensive auto-ID solutions for industrial construction material control, today announced that Inc. magazine has published their 2014 500|5000 List of the Fastest Growing Companies in America and ranked Atlas RFID Solutions No. 853 on the list of companies. The company also ranked #11 on the Top 100 Alabama Companies lists.

“We’ve seen a significant change in the industrial construction space over the past three years. Owner/Operators, EPC Firms and Contractors are actively seeking ways to become more efficient and improve labor productivity on their capital projects by adding technology and removing outdated, paper-based processes,” said Robert Fuqua, Atlas RFID Solutions’ CEO. “By providing a fully scalable solution to meet the needs of either a single project or an entire enterprise, we continue to deliver innovative solutions to meet the needs of our clients.”

The 2014 Inc. 5000 was unveiled online August 20 at Inc.com. The 2014 list is the most competitive crop in the list’s history. The average company achieved a mind-boggling three-year growth of 516%. The Inc. 5000’s aggregate revenue is \$211 billion, generating 505,000 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/5000.

About Atlas RFID Solutions

Jovix™ is an award-winning material control solution developed by Atlas RFID Solutions designed specifically for the industrial construction market. Jovix™ combines web-based server software with mobile and auto-ID technologies to extend access to information to decision-makers in the field and automate the data collection process. Jovix™ provides value for Owner/Operators, EPC firms, contractors, fabricators and suppliers by removing impediments to productivity that result from material readiness issues.

To learn more about Jovix™, Atlas RFID Solution's site material control solution used on more than 100 geographical locations across the globe, and how it helps industrial construction projects increase efficiency and reduce unnecessary costs, visit www.atlasrfid.com or call +1 205 383 4428.

About Inc. and the Inc. 500|5000

Methodology

The 2014 Inc. 5000 is ranked according to percentage revenue growth when comparing 2010 to 2013. To qualify, companies must have been founded and generating revenue by March 31, 2010. They had to be U.S.-based, privately held, for profit, and independent--not subsidiaries or divisions of other companies--as of December 31, 2013. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2010 is \$100,000; the minimum for 2013 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at www.inc.com/5000.

About Inc.

Founded in 1979 and acquired in 2005 by Mansueto Ventures, Inc. is the only major brand dedicated exclusively to owners and managers of growing private companies, with the aim to deliver real solutions for today's innovative company builders. Total monthly audience reach for the brand has grown significantly from 2,000,000 in 2010 to over 6,000,000 today. For more information, visit www.inc.com.
