

The Creative Fun of InstaFrame Photo Collage Maker

Enabled for Intel® Atom™ Tablets for Android*

During big life events, or even when just going about a daily routine, capturing an important memory to be shared matters. The chance to quickly and creatively edit photos and combine them to perfection has become a reality thanks to InstaFrame Photo Collage Maker. Recently optimized for Android* tablets, the popular app allows ingenuity in retouching, gathering, and sharing meaningful digital pictures.

InstaFrame Photo Collage Maker is a convenient, fun photo enhancement app that is simple to learn and use for those who are new to photography, as well as for more seasoned pros, and every photographer in between. Saved photos can be selected for custom editing, with options including: zooming and panning, individual photo enhancements, and rounding picture corners. Once photos are edited in the desired way, users can access adjustable templates so that the pictures can be combined in a personalized collage. These collages can always be saved, with an opportunity for further edits in the future.

The Ability to Capture Life Moments Now Reaches a New Audience with Intel Atom Tablets for Android* Devices

Android* tablets provide users the perfect means of enhancing, saving, and sharing memories. The high-resolution screen is the ideal platform for users to edit meaningful photos and arrange them in a custom collage. The portability of the device allows this to be done while traveling or while attending a special event, to truly capture the look and feel of the moment. The collages can then be easily saved, preserving memories that can be shared with friends and family anywhere.

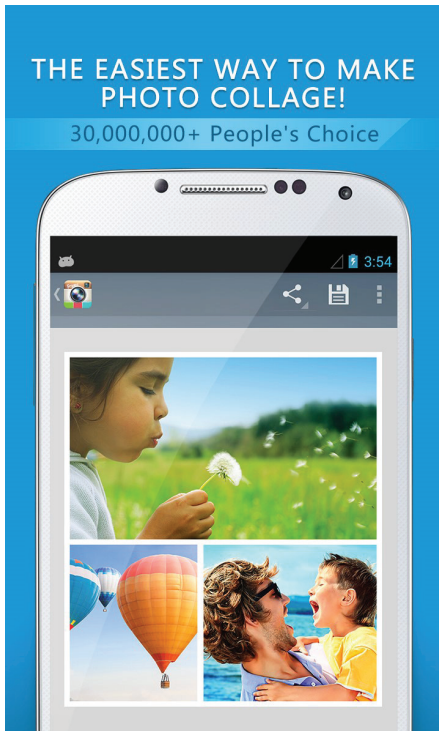

Users can quickly and easily download InstaFrame Photo Collage Maker to begin creating their own personalized collection of memories, all while enjoying the app with the mobility and precision of Intel Atom tablets for Android*. Only a high-performing device could be relied upon by its users to bring such memories to life, and to share them safely and securely.
