

COPLEY
CONSULTING GROUP

GOLD CHANNEL PARTNER

ABOUT COPLEY

For over 20 years The Copley Consulting Group has delivered SyteLine implementation success to more than 400 enterprises. From Fortune 1000 companies to start-up operations, Copley has provided education, training and technical services melded with a focus on Best Practices. As one of Infor's premier Gold Level Channel Partners, Copley has assembled a team of dedicated professionals committed to increasing the productivity and profitability of our customers.

EXPERIENCE

The Copley Consulting Group employ an experienced professional service staff that blend the requisite skills of industry experience with complete SyteLine fluency. With a minimum of ten years SyteLine knowledge, our professionals represent the financial, operations and technology disciplines found in any manufacturing organization and provide tailored assistance to the individual needs of our customers.

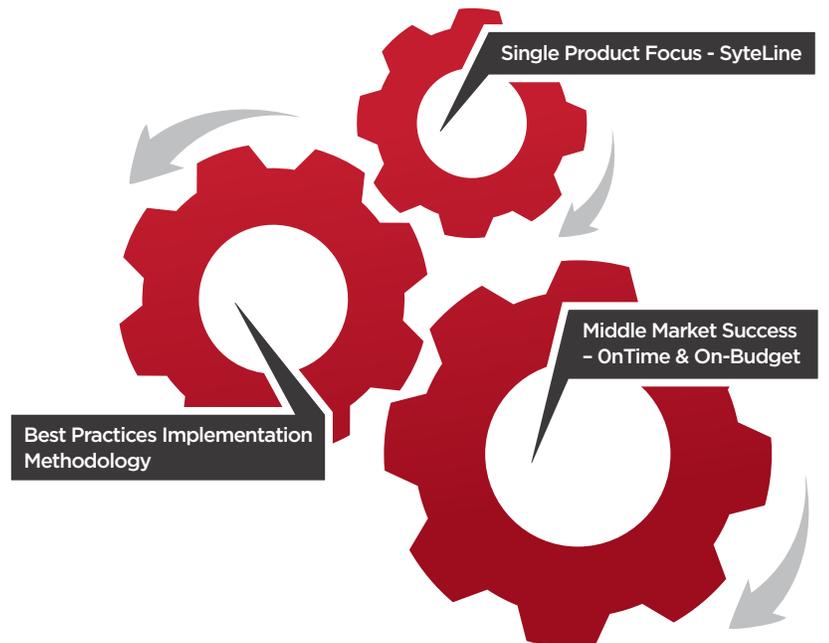

RECOGNITION

The Copley Consulting Group, as an Infor Channel Partner, has been recognized continuously for quality of service and commitment to our customer's success.

- Infor SyteLine Channel Partner of the Year
- Infor Special Recognition for Quality
- Infor Channel Advisory Board Member
- Progressive Media VAR Star
- SyteLine Implementation: Manufacturing Leadership Award-Game Changing Technologies
- SyteLine Implementation: CIO Magazine 100 Award-IT Innovation

“Copley’s expertise with business systems in our context, skillful collaboration, excellent project management, technical application support and responsiveness yielded excellent results in a compressed deployment.”

- Adrian King
Chief Financial Officer-Gloucester Engineering

IMPLEMENTATION METHODOLOGY

The Copley Consulting Group understands the challenges and risks associated with the implementation of any ERP solution. Respectful of the fact that day-to-day business must be sustained as a deployment is undertaken; Copley works in concert with our customers to find the proper balance between the objectives of the implementation with the on-going responsibilities of team members. With an implementation approach that has been successful in over 400 companies, Copley's methodology emphasizes organization, efficiency and timeliness of delivery.

LEADERSHIP

The Copley Consulting Group has assembled an Executive team that bring no less than 25 years of experience individually to service our customer needs:

Robert Lane, *President & CEO*

C. Paul Oberg, *Principal*

William Cary, *Vice President of Sales*

Andrew Funk, *Vice President of Professional Services*

INDUSTRIES SERVED
