Olympia Prosthodontics & Cosmetic Dentistry Unveils Informative New Website

Olympia dentist and prosthodontist, Dr. Robert Stover, has launched a new website offering extensive information on a wide variety of dental problems and issues, and the solutions provided by Olympia Prosthodontics & Cosmetic Dentistry.

Olympia, WA, September 29, 2014 – One of the leading dentists and prosthodontists in the Olympia, Washington area, **Dr. Robert Stover, DDS, MS, Prosthodontist**, has launched a new website for offering extensive information on a wide variety of dental problems and issues – and the full range of procedures and services available to patients that will help them with any dental needs they might encounter.

“I am quite pleased with the results of the site re-design and the extensive information we now offer on a wide variety of oral health issues and the solutions we provide,” Dr. Stover said. “Our existing patients, and any new visitors to the site, can gain a greater understanding of the conditions they may be experiencing, and see how we have helped patients with similar conditions.”

The website offers testimonials from a number of patients, profiles of the experienced staff of **registered dental hygienists, coordinators and assistants** at Olympia Prosthodontics & Cosmetic Dentistry, as well as a detailed biography of Dr. Stover. The professionals at Olympia are dedicated to providing truly exceptional dental care in a comfortable, caring environment and demonstrate respect for patients and each other by practicing the highest level of personal honesty and integrity.

Dr. Stover’s vision was to build an exceptional team of dedicated, caring professionals committed to the best dental health and giving patients a great smile. Patient satisfaction is the top priority and every effort is made to insure the patient experience is a pleasant one.

About Dr. Stover

Dr. Robert Stover received his DDS from Northwestern University Dental School in 2000. He holds a Master’s Degree from the University of Texas in Prosthodontics for research on cell interactions with implant surfaces, and has lectured both nationally and internationally. His thesis is published at the University of Texas and he has written articles in the Journal of Periodontology and the International Journal of Dental Research, and he is Board Certified by the American Board of Prosthodontics.

Dr. Stover is a diplomate of the American Board of Prosthodontics, a member of the American College of Prosthodontics, the Academy of General Dentistry, the American Dental Association, and the National Dental Honor Fraternity Kappa Sigma Upsilon.
