an O.H.H. Technology Product

Bridge The Communication

Bridge the communication with your parents

Parents Connect App is a customer relationship management tool for the child care centers as well as a smartphone/tablet based App enabling real time communications between Child Care Providers and the parents of their students. Each center has their own custom App for their parents to install and start bridging the communication gap.
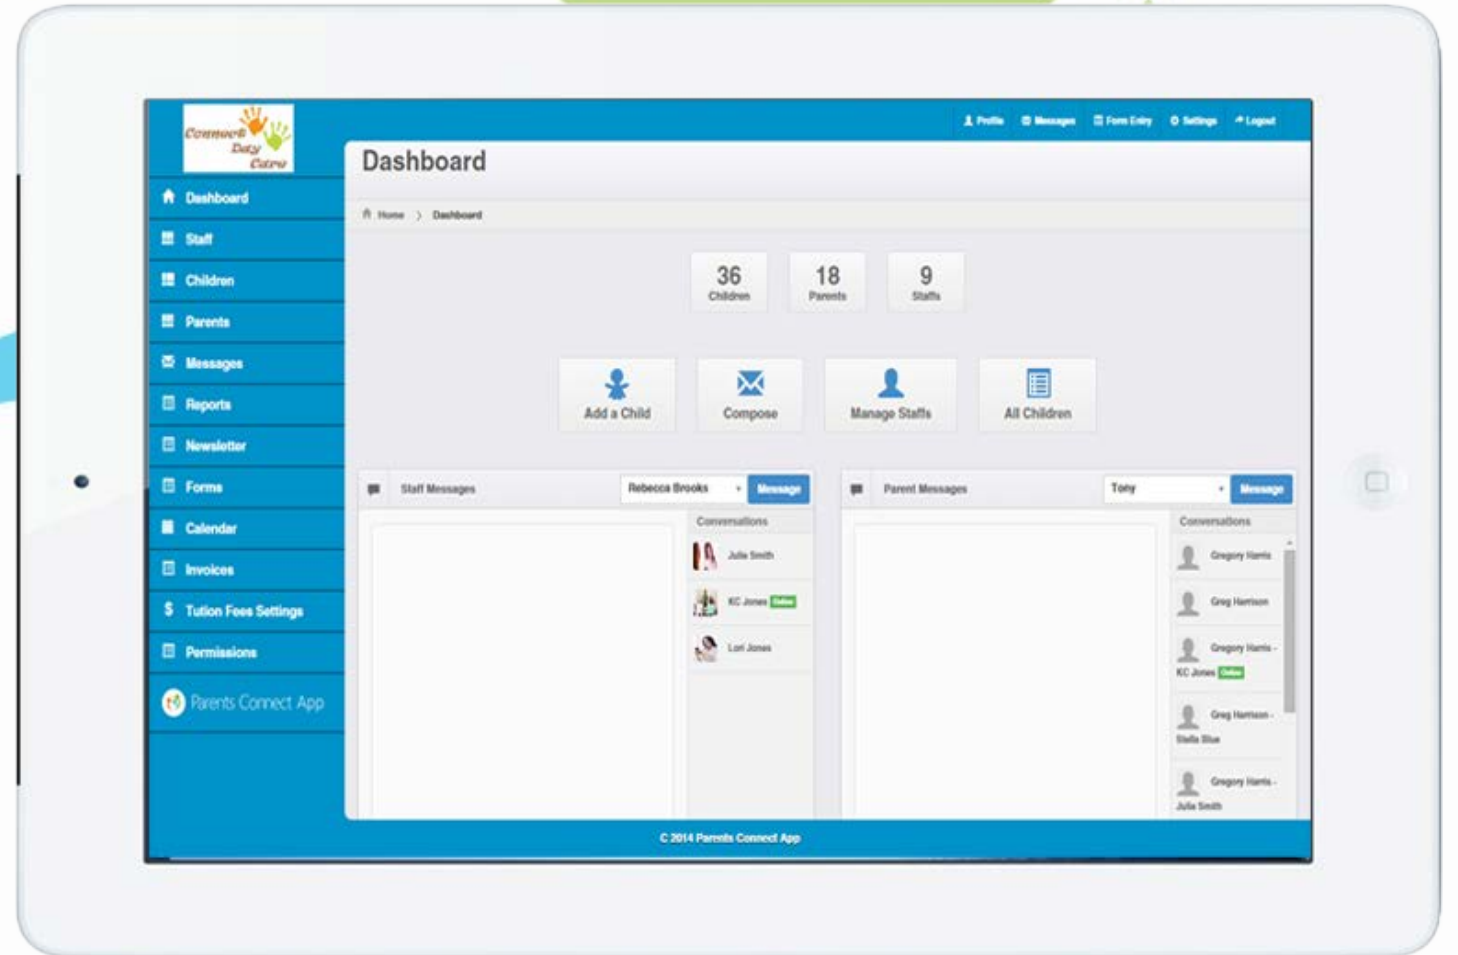

Managing Tool

Fast and easy management of center activities and interactions between parents and child care centers

Multiple Staff Access

Staff members have access to dashboard functionality based on permissions given by the director. Each staff member will login with user name and password to gain access to the dashboard. Directors have visibility to all transactions and communications.

Documentation

All transactions and communications are documented by being stored within the dashboard for retrieval when needed. Capabilities exist to export, save, and print through the dashboard.

Parents connecting to child care center

Working parents continue to seek greater insights into the health and welfare of their children while in child care. This new platform provides real-time visibility into child care, allowing ongoing communication and transparency with parents through an easily downloaded smartphone and tablet application. With Parents Connect App, parents can work more closely with their child care provider to get more frequent updates on their child via their handheld devices; thus bridging the communications gap parents struggle with today.

Parents Connect App

Parents Connect App is a customer relationship management tool that enables real- time communications between Child Care Providers and the parents of that center. Each center would have their own center-based management system and their parents can download a custom app to their smart phone or tablet to support communications with the center.

Some features with **Parents Connect App** are:

- Communicate with Parents via Messages (receive and send)
- Create/Send/Save/Print daily, weekly or bi-weekly Report Sheets
- Upload Video and Photos to Parents
- Lunch, Schedules, and Activities Calendars for each center can be uploaded and synced to Parent's Smart Phone or Tablet.
- Create and Transmit Newsletters
- Create/Send/Receive customized forms for Parents to complete through Phone or Tablet
- Receive secure Forms Payment
- Receive secure Tuition Payment
