

## **TOP 6 HOLIDAY GIFTS FOR DO-IT-YOURSELFERS**

Rockler Announces DIYers' "Most Wished For" Items for 2014

MEDINA, MN (November 20, 2014) - Rockler Woodworking and Hardware has announced the top holiday gift ideas for do-it-yourselfers (DIYers) in 2014. The list is composed of the "most wished for" items on the Rockler.com website, which has seen thousands of visitors as the holidays approach.

### **1. Mini Lathe**

Turning is an increasingly popular hobby that can be enjoyed even if space and budget are limited. With this lathe, anyone can turn out pens, bowls, ornaments and more. This gift will turn up a smile on any DIYer's face.

### **2. Bench Cookie Work Grippers**

Whether steadying a cutting board in the kitchen or holding a board in place for routing or sanding in the shop, these rubberized gripping pucks add a little height and a lot of stability under various workpieces. The ultimate DIY stocking stuffer!

### **3. Gyroscopic Screwdriver Kit**

This new twist in powered screwdriver technology will be a welcome gift for any DIYer. A flick of the wrist changes this driver from forward to reverse and increases speed in either direction. This type of gift is a toy that is sure to be used right out of the box.

### **4. Magnifying LED Work Light**

All DIYers need to have clear vision of what they are working on. This 60-LED light and .75X magnifying lens on a flexible swivel is especially helpful for detail work. A better view is a gift that truly keeps on giving.

### **5. DIY Project Kit**

Building projects like furniture, frames, and shelves become simple with this kit and a few other basic tools. Guiding rip cuts, pocket holes and shelf pin drilling are this kit's specialties. An ideal gift for the budding cabinet or book shelf maker.

### **6. A CNC for home use: CNC Shark**

A dream machine for the gadget lover or anyone who likes to be creative with computer designs, woodworking or best of all, both! DIYers create a programmed computer image for the CNC to carve, then hit start and watch as the image becomes a carving. Accurate, computerized cutting delivers finely detailed finished results. This is the best gift for the "nicest" DIYers out there.

"This list shows that DIYers love both new technology as well as tools that are tried and true," says Steve Krohmer, Rockler's Vice President of Product Marketing. "The good news for shoppers is that all of the tools DIYers really want are available at Rockler."

The Rockler.com website features a Holiday Gift Guide that lists hundreds of additional gift ideas. The Gift Guide is designed to help shoppers find the best gifts for the DIYers in their lives, from small stocking stuffers to large power tools and everything in between.

All items featured here can be purchased at Rockler Woodworking and Hardware stores nationwide, Rockler.com, or from the Rockler catalog. For store locations or a free catalog, please visit [www.rockler.com](http://www.rockler.com) or call 1-877-ROCKLER.
