Learn more about InstallAware. Take a test drive today!
www.installaware.com

InstallAware has been named a "**Leader of the Software Development Industry**" by SD Times in 2013 and 2012. Enjoy unequalled capabilities like 90% smaller compression and Partial Web Deployment™ for the smallest download packages, unlimited Web Updates, and hybrid 64/32 bit MSIs that target all versions of Windows.

Powerful — Yet Easy To Use
Skip the hassles of manually populating MSI tables or troubleshooting custom actions. InstallAware provides all the power of Windows Installer technology, with the simplicity of a point-and-click environment.

Ground Breaking Innovations
InstallAware's unique technology provides:

- **InstantInstall Acceleration** — *The Fastest Installation Speeds*
  When installing using InstallAware's Native Code Setup Engine 3.0, you will be surprised at how fast setup completes – even for tens of gigabytes of data.

- **Transition Special Effects** — *Sliding and Fading Setup Wizard Transitions*
  Today's app-savvy users expect more of their software experience. Impress your end-users on first-run with pleasing transition effects.

- **Partial Web Deploy** — *Setup Automatically Resumes Broken Downloads*
  Call out to a redundant collection of URLs at runtime to retrieve any optional set of files — your main setup never forces an Internet connection.

- **One-Click Patching** — *MSP-Generation with Byte-Level File Differencing*
  Point-and-click on your old and new setups, click Build Patch, and InstallAware automatically generates a native Windows Installer (.MSP) file.

- **Application Pinning** — *Start Screen, Start Menu, Taskbar, Even Windows 10!*
  Give your applications the exposure they deserve. Only InstallAware programmatically pins applications on all Windows platforms.

- **64-bit Super Compression** — *Smallest Downloads for Windows Software*
  Only InstallAware compresses Microsoft's technology frameworks like .NET smaller than Microsoft themselves managed to.

- **Setup Push Technology** — *Build Your Own Cloud, Public or Private*
  Only InstallAware setups replicate themselves across an entire Active Directory network, without any client or server software!

Perfect for Power Users

Though InstallAware is simple enough to use without programming skills, it provides an unmatched set of features for the advanced setup developer.

- **Two-Way Integrated IDE**
  Use the visual designer to instantly and automatically generate MSIcode scripts, switch to the MSIcode view to control every aspect of the setup.

- **MSIcode**
  InstallAware's powerful MSIcode manages Windows Installer conditions, installation sequences and syntax with a human-readable setup script.

- **Hybrid 64/32 Bit Windows Support**
  Only InstallAware allows you to ship a single hybrid MSI that targets 32 bit and 64 bit versions of Windows simultaneously, switching at runtime.

- **IIS Support**
  Install and configure IIS websites, virtual folders, and application servers. Now with support for IIS version 8.

- **Extensive Database Support**
  InstallAware connects to and runs SQL statements on Microsoft SQL Server, My SQL, Oracle, and Oracle .NET without requiring any database client software. Now includes SQL Server instance detection.

- **Fastest Setup Capture in the Industry**
  Simplify setup migration by capturing changes made to a system by your legacy installer. Also, convert third-party installations to MSI.

- **Unlimited Triple-Mode Web Updates**
  Force install/run your latest app version, or perform scheduled updates (similar to Windows Update), or implement manual update checking.

Create the Most Impressive Setups

InstallAware's advanced interface tools will give your users the best initial-setup experience in the industry.

- **Stunning Setup Themes**
  InstallAware's 17 unique and highly customizable setup themes let you fully support Windows Aero, Glass, and Aero Wizard standards.

- **Simple Custom Dialogs**
  Powerful dialog-editing tools let you handle any task. Build interactive progress indicators, Flash-animated billboards, tabbed navigation, and even capture progress from nested setups like the .NET Runtime.

ASP.NET Web Automation Interface

Produce web sites which build and deliver customized installers, all in response to user clicks on a web page. Build and deliver installations directly from the cloud!

InstallAware Software, founded in 2003, is the leading **Cloud Infrastructure Company** with a laser sharp focus on state-of-the-art software installations. InstallAware has been named a "**Leader of the Software Development Industry**" by SD Times two years in a row (2013 and 2012), and is used by tens of thousands of developers worldwide.
