

# A Wondrous Jungle Adventure with Escape from Rio - Blue Birds by Pocket Scientists

## Now Enabled for Intel® Atom™ Processor-based Tablets for Android\*

The little blue parrot doesn't belong in the raucous city of Rio; he wants to escape to the jungle, where he belongs. In a vivid and exciting tale, gamers must help the blue parrot on his quest. Recently enabled for Intel® Atom™ Processor-based tablets for Android\*, the Escape from Rio- Blue Birds entertainment invites fans of all ages to join in the fun.

Players must collect points, avoid dangerous enemies and obstacles and navigate the verdant and exotic jungle landscape. Designed for a range of skill levels and ages, this magical app allows players to use their puzzle and strategy chops in the beautiful tropical environment. But they need to be careful and keep a look out for the deadly lianas, leather-winged dinos and kamikaze sauruses so they can find their way to their destination.

Remarkably rich, cartoon-style graphics, evocative soundtracks and a crisp interface with changeable skins make Escape from Rio - Blue Birds an enticing and rare treat. Gamers will become engrossed in the color-drenched world of Brazil's rainforest.

## Blue Bird's Daring Mission on High-performance Android\* Tablets

Now, the family-friendly activity can travel with tablet users wherever they are. Hours of responsive operation mean the addictive, comic gameplay can go on. Combining a great story, fantastic visuals and engaging cunning, this application is a magical ride on Android\* tablets powered by Intel Atom Processors. These lightweight, sleek designs afford players and fans another way to enter the beautiful Brazilian jungle, right on their high-resolution screens.
