FOR IMMEDIATE RELEASE

Silicon India Selects PayRange as One of the Top Tech Companies in the U.S.

Designated by Silicon India to the si100, Paresh Patel and PayRange continue to disrupt payments in automated retailing.

PORTLAND, OR (December 8, 2014) – PayRange, the world’s simplest payment solution for machines, has been named to the si100 list by Silicon India Magazine as one of the Top Technology Companies in the US founded by an Indian. PayRange CEO Paresh Patel has been recognized for cultivating a company culture based on an unwavering passion, perpetual optimism, and relentless drive to maintain a hunger for innovation in the evolving field of mobile payments.

“We’re honored to be joining the respected si100,” stated Paresh Patel. “We have assembled a talented team that has been working hard to create solutions in a space where innovation is a necessity. It’s a privilege to have the team’s accomplishments recognized.”

The highly coveted award recognizes companies who are continuing to positively advance the marketplace in the high-tech sector. “We try to ensure that the si100 list reflects the current state of the industry, including the various sectors and emerging trends,” said Harvi Sachar, Editor and Publisher of Silicon India. “PayRange’s growth in the automated retailing industry has been in large part due to its successful nurturing of its client relationships and its founder's deep domain expertise. PayRange continues to demonstrate market leadership and exemplifies the qualities of excellence we look for in a si100 company.”

Silicon India represents the ongoing rise of Indian entrepreneurship in the United States and highlights companies like PayRange that understand success in defining an entrepreneur includes perseverance, patience, and a consistent affection for an industry and its customers.

###

About PayRange:

PayRange was founded in 2013 by Paresh Patel to provide operators and consumers with the simplest, most accessible mobile payment solution possible. The company is distributing its BluKey™ device to operators in the US and Canada. Consumers can download the free mobile app from either the Apple App Store for iPhone users or the Google Play Store for Android users. The PayRange app enables consumers to make their transactions at unattended points of sale — vending machines, amusement devices, laundry and more — quicker and easier. And with flexible funding options including all major credit and debit cards plus the ability to add funds via Apple Pay, consumers are empowered to make mobile payments a reality.
