Bedell
GUITARS

I had a dream of creating the finest performance guitars possible... and that vision has come alive in the Revere series. Elegantly presented, yet a tour warrior, your Revere is an instrument that, once experienced, will become woven into your artistic identity and you may find yourself hesitant to perform without it.

Bedell craftsmen have achieved unparalleled tone and projection from these precious tonewoods for a truly planet-friendly guitar made from ethically harvested trees.

Peace,

A handwritten signature in black ink that reads "Tom Bedell". The signature is written in a cursive, flowing style with a prominent initial "T" and "B".
