FAQs

Q: What is Bitcoin?

A: Bitcoin is a consensus network that enables a new payment system and a completely digital money. It is the first decentralized peer-to-peer payment network that is powered by its users with no central authority or middlemen. From a user perspective, Bitcoin is pretty much like cash for the Internet. Bitcoin can also be seen as the most prominent triple entry bookkeeping system in existence.

Q: Is Bitcoin legal?

A: Bitcoin has not been made illegal by legislation in most jurisdictions. However, some jurisdictions (such as Argentina and Russia) severely restrict or ban foreign currencies. Other jurisdictions (such as Thailand) may limit the licensing of certain entities such as Bitcoin exchanges. Regulators from various jurisdictions are taking steps to provide individuals and businesses with rules on how to integrate this new technology with the formal, regulated financial system. For example, the Financial Crimes Enforcement Network (FinCEN), a bureau in the United States Treasury Department, issued non-binding guidance on how it characterizes certain activities involving virtual currencies.

Q: What about Bitcoin and taxes?

A: Bitcoin is not a fiat currency with legal tender status in any jurisdiction, but often tax liability accrues regardless of the medium used. There is a wide variety of legislation in many different jurisdictions which could cause income, sales, payroll, capital gains, or some other form of tax liability to arise with Bitcoin. Given NIN Ventures does not accept Bitcoin directly please check your jurisdiction for applicable taxes on Bitcoin investment.

Q: Does NIN Ventures accept Bitcoin directly?

A: No, we do not accept Bitcoin directly into the NIN Ventures Technology (GP) Fund. We have teamed up with SnapCard, who can then help attain liquidity to Bitcoin owners who can invest \$USD in our fund.

Q: How long is the settlement time?

A: It takes 24 hours for settlement or the funds to be transferred from SnapCard to NIN.VC.

Q: When will be the initial and final close?

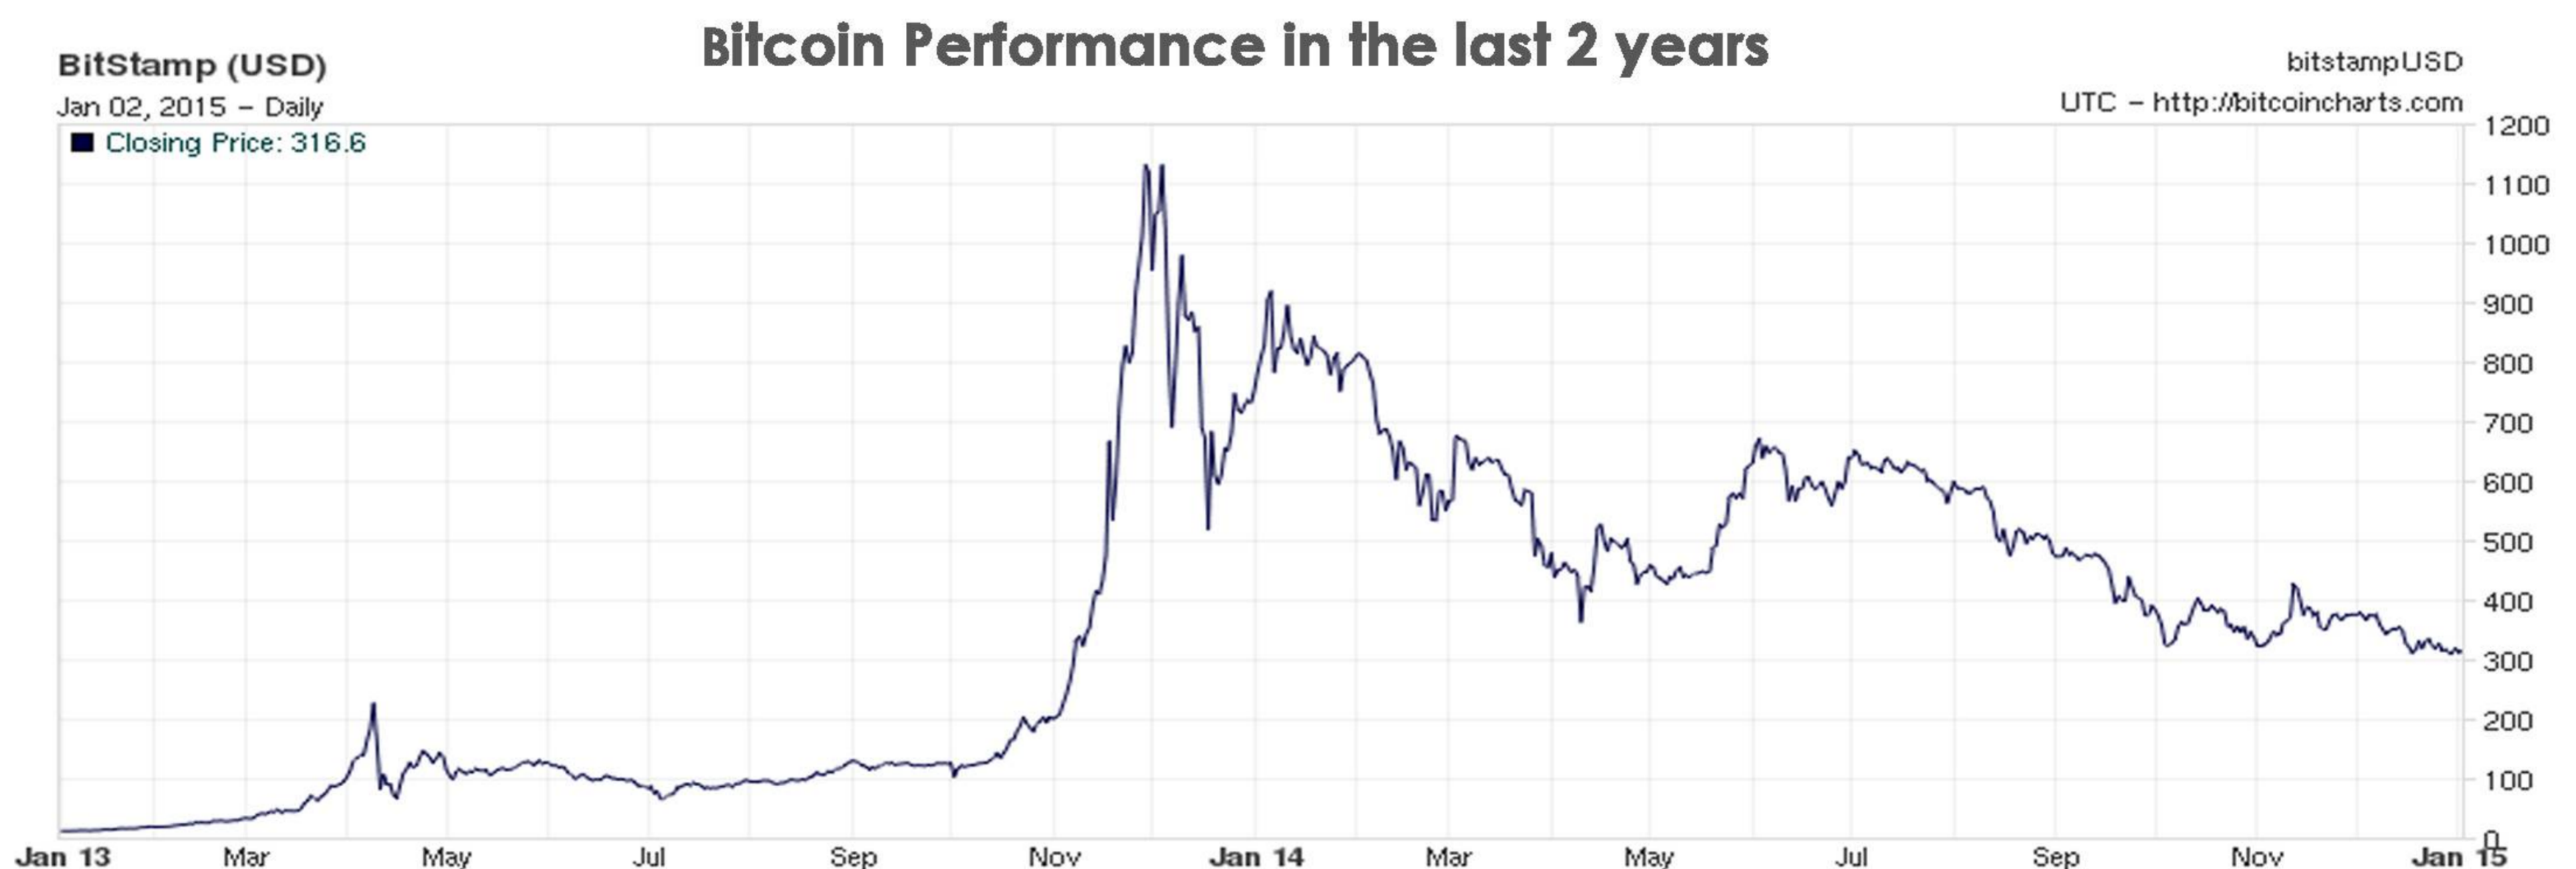

A: Initial close of the fund will be at \$10 million and final close will be when the fund reaches its \$25 million goal. If you decide to "pay by SnapCard" you will be notified of the dates in advance.

Q: Will the distributions be made in Bitcoin?

A: NIN Ventures Technology (QP) Fund only accepts \$USD and distributions are made in \$USD as well.
