PRELIMINARY PROGRAM

On April 11, 2015, the **Healthy Brain Foundation (HBF)** co-hosted with **Dell Children's Medical Center of Central Texas** will host the **Annual Concussion Conference**. This event will attract healthcare and education professionals from a variety of disciplines as well as community stakeholders.

This day-long program will encourage education and discussion – bringing together experts, practitioners and community stakeholders – to help bridge the gap between what we know today as best available science and how to implement into best practice. We have a number of renowned concussion experts from a variety of disciplines presenting at this conference.
