Digiscribe Awarded GSA IT Schedule 36 & Schedule 70 Contracts

Approved provider of document scanning, document management and business process software & services to federal, state & local governments

Elmsford, New York – January 29, 2015 – [Digiscribe International](#), provider of document scanning services, document management solutions and workflow automation software today announces it has been awarded U.S. General Services Administration (GSA) IT Schedule 70 and Schedule 36 contracts.

The GSA oversees the business of the U.S. federal government and its acquisition solutions supply government purchasers with cost-effective high-quality products and services from commercial vendors, such as Digiscribe.

“We are thrilled to have been awarded the [GSA IT Schedule 70 and IT Schedule 36 contracts](#),” said Digiscribe President Mitch Taube. “Our vast experience in providing cost effective document scanning services, cloud and on-premise document management software, workflow automation software and e-forms to the commercial sector is seamlessly transferable to the public sector. As an award winning reseller of document management software, including FileBound, we look forward to helping government purchasers with our professional services, training and technical support. Our SOC 2 Type 2 document conversion facility and HIPPA compliance trained staff help ensure the secure and confidential handling of any type of government document.”

IT Schedule 70 and IT Schedule 36 offers federal, state and local governments innovative solutions to their document imaging, document management and business process improvement needs and a streamlined way in which to obtain the necessary products and services in a quick, easy and reliable way.

IT Schedule 70 includes [document management](#) and business process improvement software and services to help government agencies process, track, store, share and retrieve their documents easier, quicker and more securely. Digiscribe’s Schedule 70 contract (#GS-35F-061CA) includes the following Special Item Numbers (SINs):

- 132-32 – Term Software Licenses
- 132-33 – Perpetual Software Licenses

- 132-34 – Maintenance of Software as a Service
- 132-51 – Information Technology Professional Services

IT Schedule 36 offers office imaging services including [document scanning](#), optical character recognition (OCR), data entry services and file conversion services to help government agencies work more efficiently, reduce operating costs and improve constituent services. Digiscribe's Schedule 36 contract (#GS-03F-011CA) covers Special Item Number 51-506 – Document Conversion Services.

About Digiscribe

Digiscribe transforms the way companies, healthcare facilities, non-profit organizations and government agencies manage and process their documents with document scanning services, document management software and workflow automation services. Companies engage us to solve their business process problems with a portfolio of services and software that is supported with technical expertise, superior customer service and over 25 years of experience. Our New York office is one of the first SOC 2 Type 2 document conversion centers in the New York tri-state area and our Massachusetts office is centrally located to serve New England. All staff are HIPAA compliance trained.
