

# Organic Plant Protein

9 oz (240 g) of Protein

## What is Organic Plant Protein?

**Organic Plant Protein** is a Certified USDA Organic and Non-GMO Project Verified product, which is different to any other protein in the Garden of Life line. Organic Plant Protein is a clean, plant-based protein with a great taste and texture, ideal for anyone looking for a clean protein supplement that is free of gluten, grains, dairy and soy.

## Key Benefits:

- **Unique Protein Blend** - Organic Plant Protein is made with a new blend of organic proteins which gives it an exceptional *smooth and creamy texture*.
- **Tastes Delicious** – Designed for superior taste and texture when mixed with mouth-watering flavors...Smooth Chocolate, Smooth Vanilla, Smooth Coffee Energy (with Guayaki® Yerba Mate and added vitamin B12). All flavors are made with clean ingredients and no artificial ingredients are used. Also *tastes incredible* with 8oz unsweetened almond milk.
- **Grain Free and Gluten Free** - all Garden of Life proteins are labelled gluten free. Organic Plant Protein is unique in that it does not contain any grains or brown rice, and is therefore that is considered both grain free and gluten free.
- **Highly Digestible** – Organic Plant Protein delivers highly digestible grain-free protein and 1 billion CFU of probiotics. This is important for those people who have digestive issues.
- **USDA Organic Farms** - Garden of Life is working closely with and supporting organic farmers in the United States, Canada, and South America to produce high quality clean proteins. Organic Plant Protein is a blend of seven nutritious plant proteins, five organic American seed proteins: **organic flax seed, organic cranberry seed, organic chia seed and organic pumpkin seed**. We work with local organic farmers to ensure that these ingredients are top quality and the cleanest available.
- **2 African Super Foods** - Moringa and Baobab are rich in protein, mineral and antioxidants. We source them through the African Hub to guarantee Fair Trade.

ied plant protein supplement that is uniquely formulated to have superior s free of common allergens such as

nt innovative blend of certified *ire...* with no gritty texture ust with water. Available in 4 e (with Marley Coffee) and Smooth : natural and organic, no artificial id milk.

ten free, however Organic Plant s therefore the only GOL protein
