# Why Castor

We have local presence, meaning assistance and support is close at hand.

We focus on you, forming a long-term relationship with clients to understand and provide what they need.

Highly efficient staff with over 20 years of experience on call 24/7.

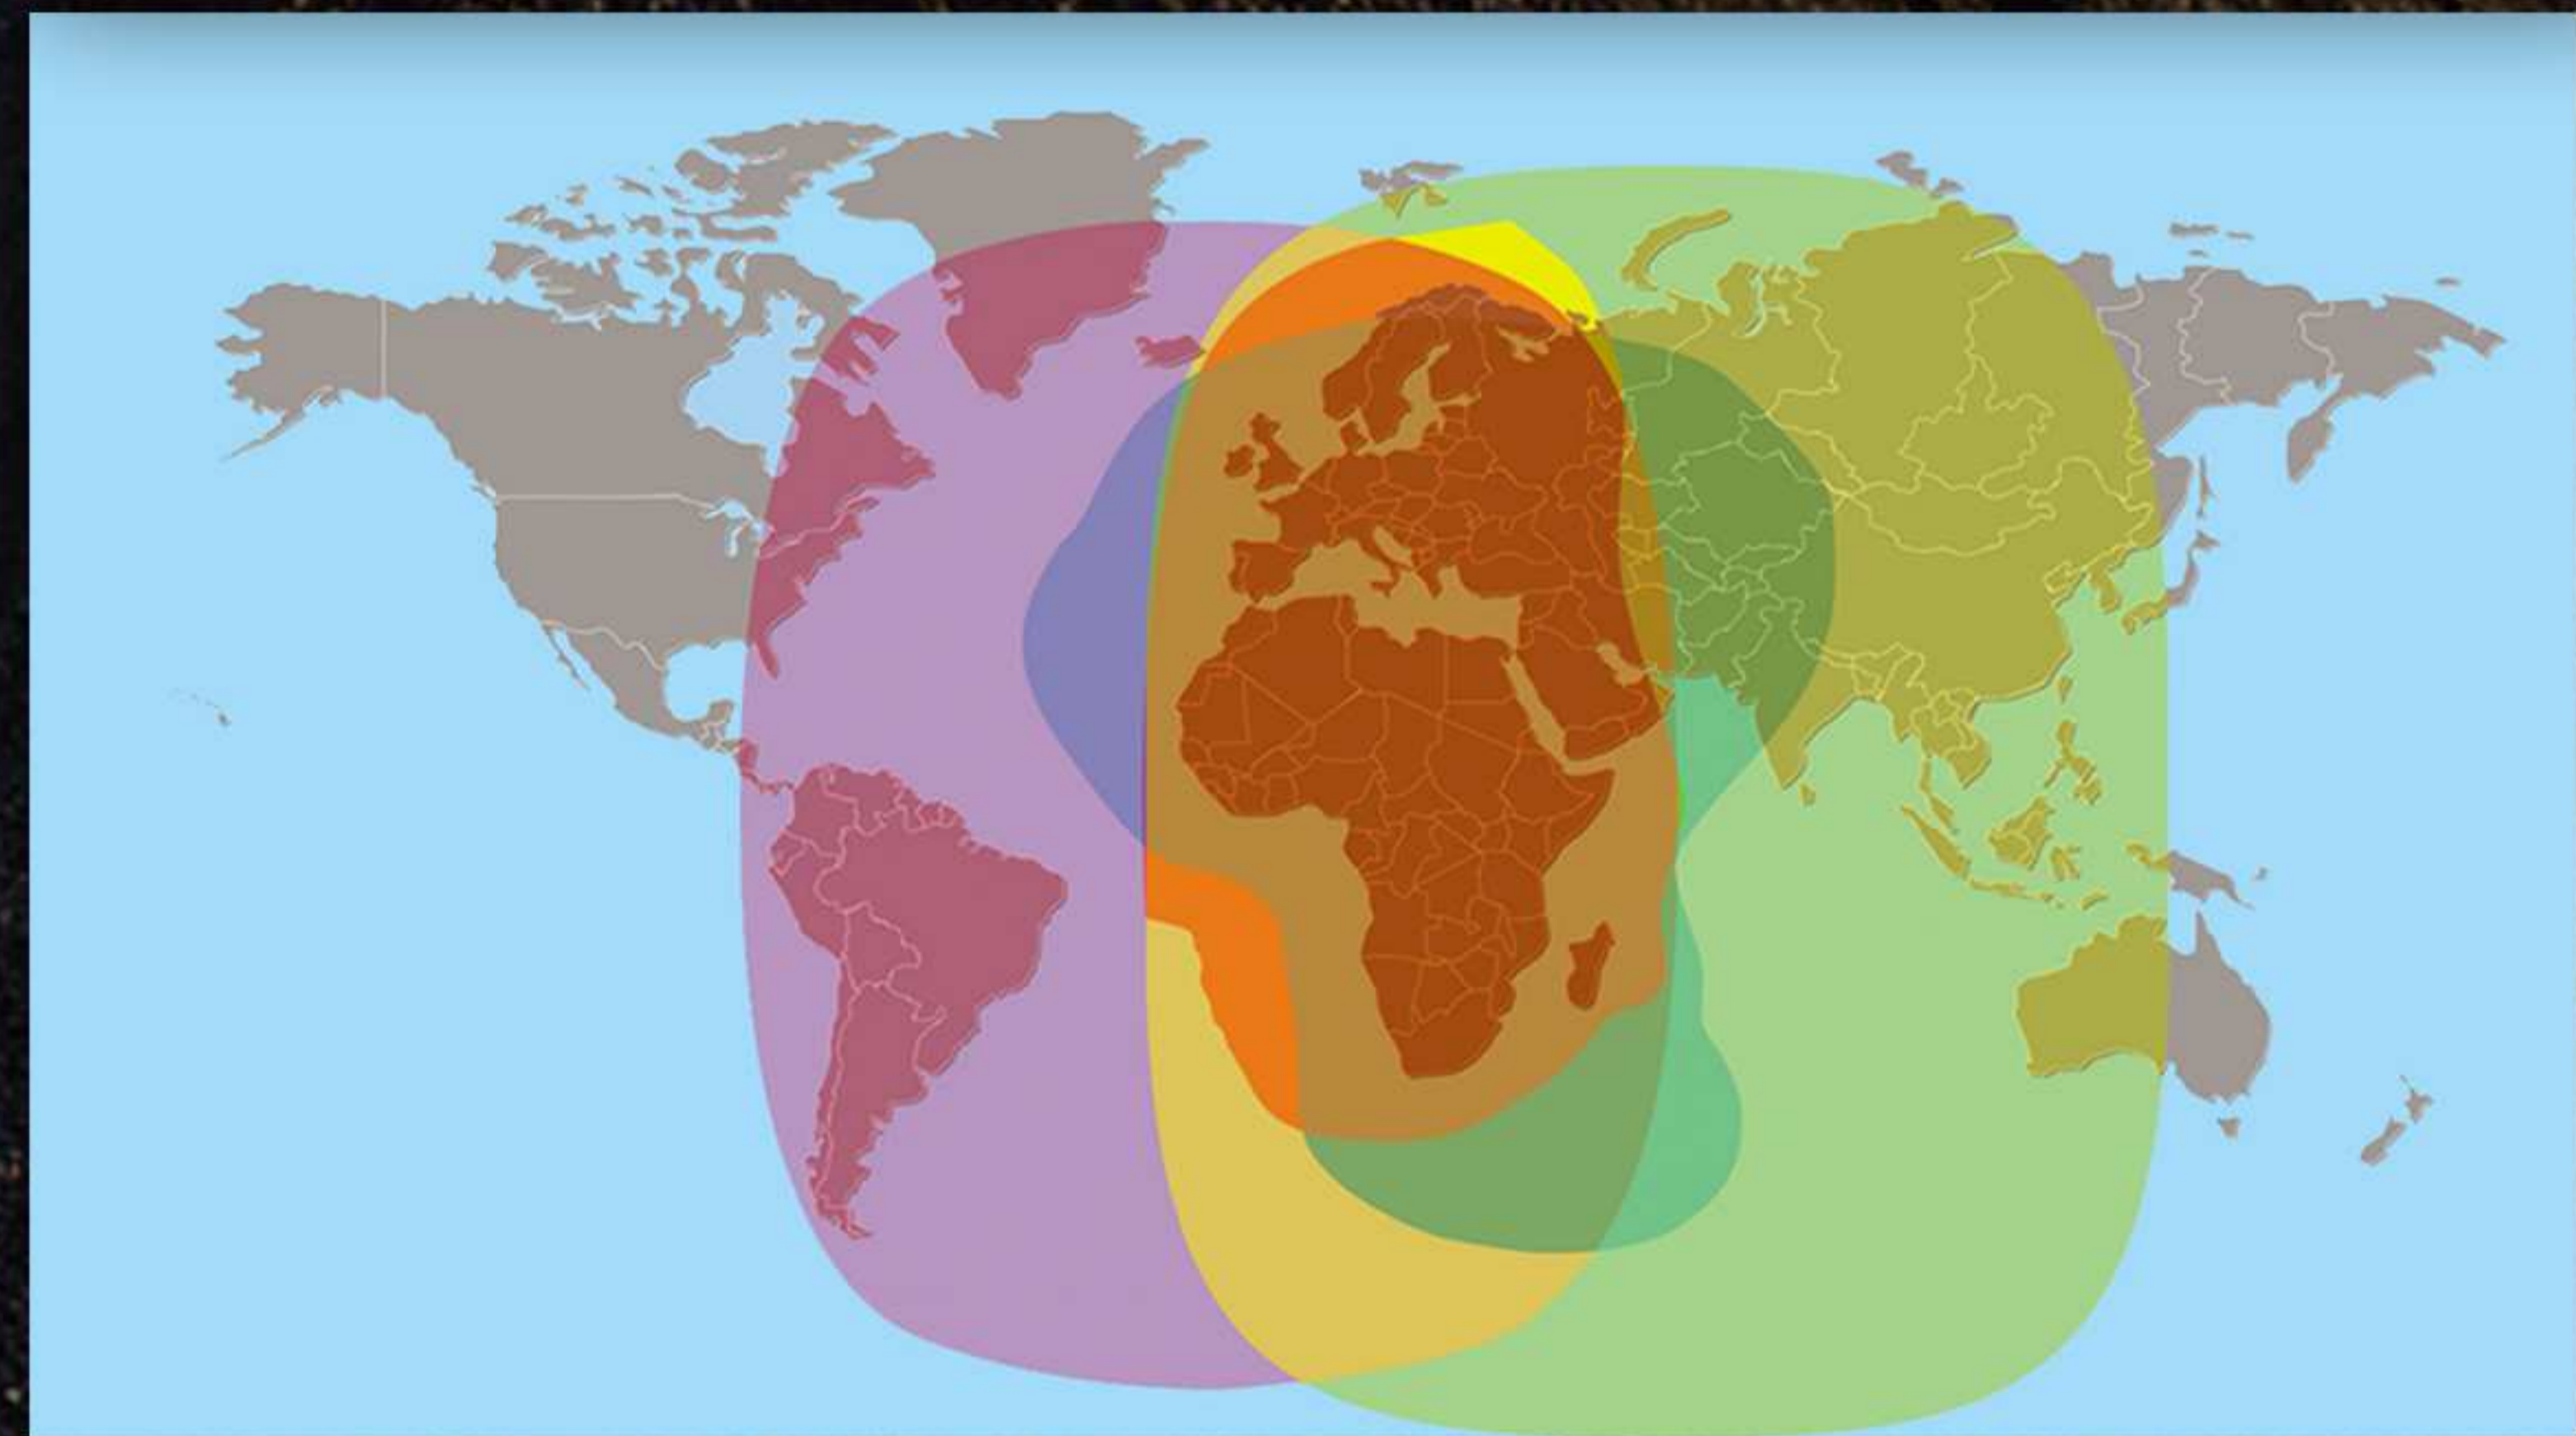

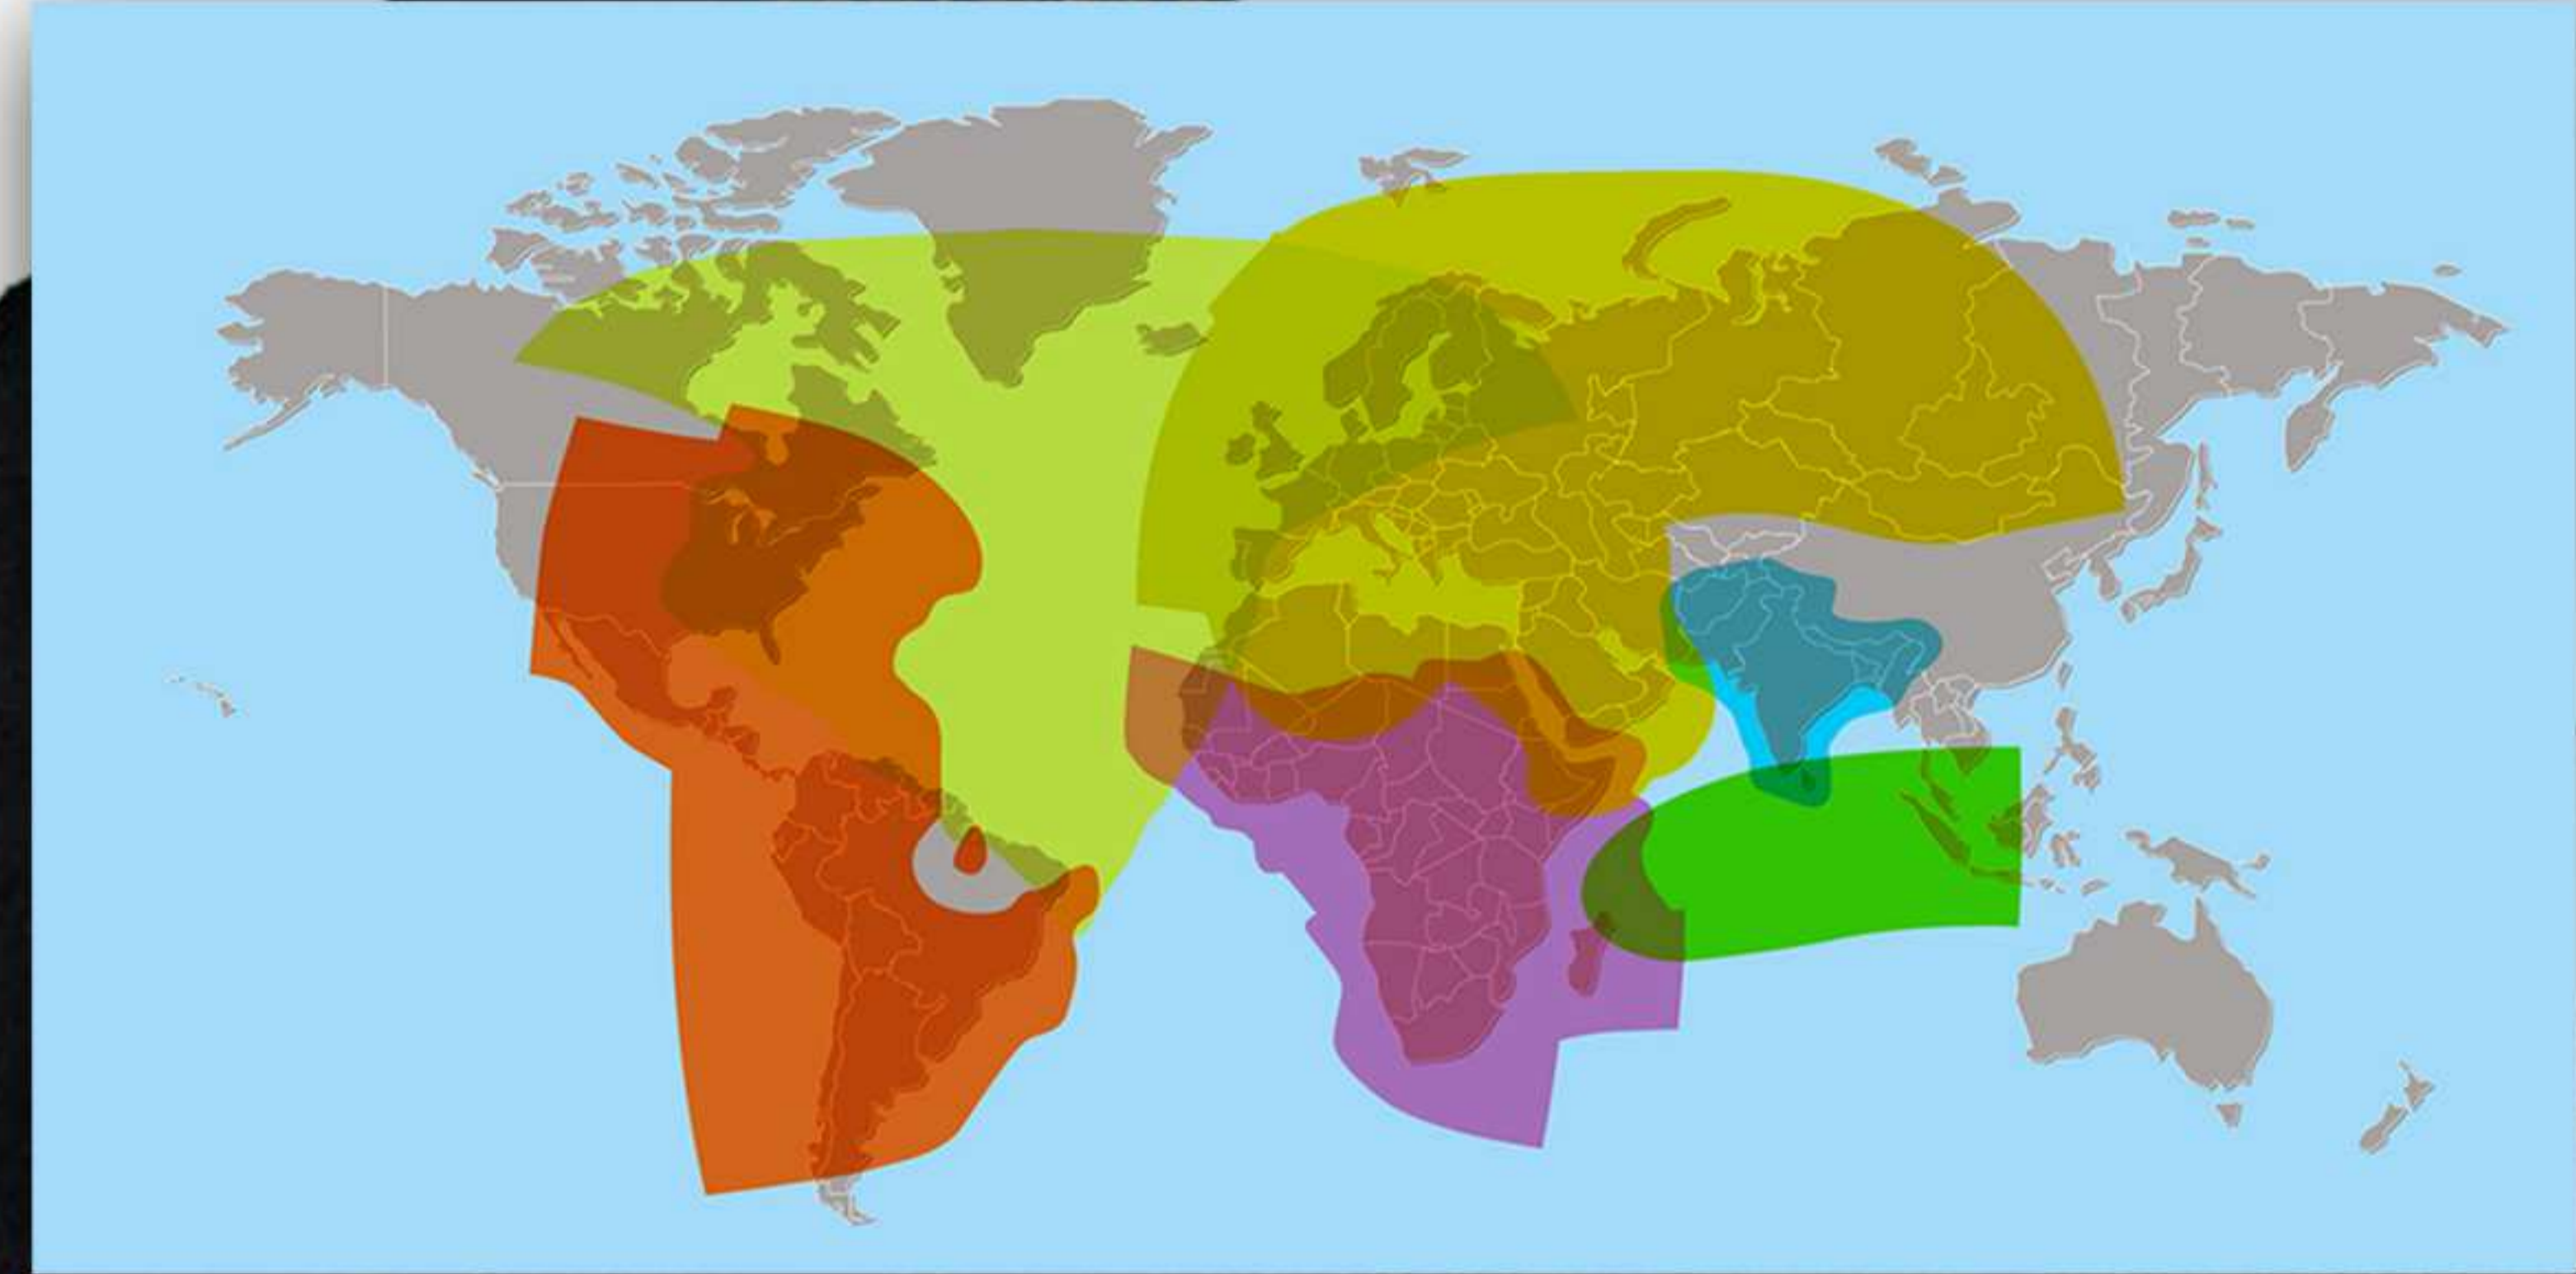

We own hubs, platforms, and two teleports, strengthening our end-to-end solution backbone.

We offer flexibility which allows for adjusting the services to fit your needs.

Reliability and transparency so customers can make an informed decision.

Committed to high quality services.

## Global KU and C-Band Coverage

We serve over 500 VSAT sites in Africa.
