

**FOR IMMEDIATE RELEASE**

**ATLANTA MOTORSPORTS PARK PROVIDES WINTER DRIVING CLASSES**  
*Professional Motor Sports Facility Offers Classes to Improve Your Winter Driving Skills!*

**Atlanta, GA** – Providing the Southeast with the ultimate driver's experience, Atlanta Motorsports Park (AMP), a 2-mile, green and sustainable road circuit located in Dawsonville, Georgia, is proud to introduce a new state-of-the-art program to improve winter driving skills, for any drivers, educating people on how to sharpen their skills and improve handling of a vehicle under ice and snow road conditions.

Atlanta Motorsports Park has a solution for any age driver to avoid those potential disasters. We will train you on a purpose made ice hill and skid pad at AMP that simulates snow, rain and icy conditions. This will allow you to be a better driver in those type scenarios instead of being the person stranded in a ditch or a crash.

According to the Governor's Office of Highway Safety in Georgia, the state had more than 300,000 motor vehicle accidents in 2008, with many resulting in fatalities. AMP is dedicated to not only providing avid drivers a world-class facility to exercise their skills on their 2-mile professional road course as well as their new Driver Development Centre but educating those on safety during their experience on the circuit. The half-day program includes:

- **Registration:** Classroom instruction, vehicle dynamics, and discussion of driving mechanics
- **Driver Development Centre:** Utilizing the "Ice Hill" and Skid Pad to practice basic car control and the benefits of the BMW's safety, stabilization, traction control features

*"We can give you the skills, how you apply them is up to you. The difference between crashing your car and making it home safely in snow, ice or rain is one simple class"* replied AMP CEO, Jeremy Porter.

AMP will host this half-day class on March 1, 2015 and March 10, 2015. The Winter Driving Program is offered at the beginning of the year and limited to only 20 students per class. AMP Winter Driving Classes are \$169 per person, available to any licensed driver. Please register early at [motorsportsreg.com](http://motorsportsreg.com) (keyword: Atlanta Motorsports Park) to reserve your spot. Atlanta Motorsports Park is located at 20 Duck Thurmond Road Dawsonville, Georgia 30534.

*Disclaimer: This program does not prevent accidents or injury. It is in car training to help prevent some of the challenges people face when driving. Vehicle, driver skill, awareness and conditions are so complex no training can offer total avoidance of accidents.*

**ABOUT ATLANTA MOTORSPORTS PARK:**

Offering high-quality service and a state-of-the-art road circuit facility in Dawsonville, Atlanta Motorsports Park (AMP) provides a fun and exciting atmosphere for friends and family, featuring a 2-mile road circuit, driving programs, go-karts, and more.
