

Edvance360 LMS-SN partners with MegaMeeting.com, a 100% Browser-Based Web & Video Conferencing System

Edvance360 LMS-SN, announces a partnership featuring an automated integration with MegaMeeting.com, a leading provider of browser-based web and video conferencing.

(Virginia Beach, VA – February 2015) Edvance360, a leading provider of eLearning services and software solutions and a CODiE 2011 winner for “Best Post-Secondary Course or Learning Management System”, announces a partnership with MegaMeeting.com to provide the innovative features of E360 Live!™

What is E360 Live?™ – E360 Live!™ is a seamless, integrated, part of the LMS with a real-time, collaborative suite of tools. This includes live video conferencing capabilities enabling instructors and course facilitators can create ad-hoc learning opportunities, add synchronous components to asynchronous courses and create a blended/hybrid course. Primary features include document sharing, live chat, live video-conferencing, live audio-conferencing, and whiteboard capabilities. Instructors or course facilitators can schedule these live sessions via the Course Calendar. This event appears in all the calendars of the learners invited to the live session. When the instructor or course facilitator has started the session, the learners join using their available hardware (e.g. video camera, microphone, headset, etc.). These live sessions can also be recorded if desired.
