FIRM TOFU

We make our artisanal tofu the traditional way, using a rich and creamy, higher protein soymilk. As a result, our tofu has more complexity and depth of flavor -- subtly nutty with a freshness you can taste. Its buttery smooth texture works well with different cooking methods and cuisines -- you can slice, cube or crumble Firm Tofu into salads, stir-frys, and stews, or marinate for the grill. When deep fried, it takes on a “meaty” texture. Firm Tofu makes a great vegetarian protein.

BRAISED TOFU

To make our tasty Braised Tofu, we poach Hodo Firm Tofu in a light Chinese Five-Spice blend and caramel sauce that infuses our tofu with a lovely fragrance and deep, rich flavor. Braised Tofu has a smooth texture, and gives a slightly springy mouth-feel. Savory, briny, and contrasted with a smoky sweetness, Braised Tofu can be sliced or cubed to make for a delicious mainstay of a sandwich, or cut into thin juliennes as a protein addition to a salad or stir-fry.

FRESH YUBA

Also called bean curd sheet, this delicacy is the thin veil that forms on the surface as the cream rises in heated soymilk. We hand harvest the crepe-like yuba, one sheet at a time. Creamy, nutty and subtly complex tasting with a firm bite, Hodo yuba is protein-rich and has zero cholesterol. Hodo Yuba is perfect cut into ribbons and prepared as a gluten-free pasta, or added into stews, soups and sautés. Yuba makes for a great spring roll wrapper or a high-protein sandwich wrap.
