ACCOUNTABILITY SUITE

The *FreeBalance Accountability Suite* is available in six base configurations to meet different government resource planning (GRP) requirements:

GOVERNMENT PERFORMANCE MANAGEMENT

Performance management empowers government to achieve better results through access to data. Tying performance directly to budgeting allows for improved outcomes.

PUBLIC EXPENDITURE MANAGEMENT

Public expenditure management reflects all functions related to government spending. This includes expenditures and purchasing, procurement, and grants & social programs.

PUBLIC FINANCIALS MANAGEMENT

Commitment accounting and budget management are unique to the public sector, enabling budgetary and commitment controls. This includes budget and commitment accounting, assets and inventory.

GOVERNMENT RECEIPTS MANAGEMENT

Governments raise revenue and collect receipts through a number of means. This includes non-tax revenue, taxation, and billing and receipts.

GOVERNMENT TREASURY MANAGEMENT

Treasury management enables governments to manage debt and investments. Treasury management includes bank reconciliation, and cash management.

CIVIL SERVICE MANAGEMENT

Civil service management enables governments to manage the civil service cycle from recruitment through retirement. This includes human resources & workforce, payroll, pensions, and benefits & self-service.
