March 31, 2015 – Leading Windows Security resource site, WindowSecurity.com, announced today that EventSentry was selected the winner in the Event Log Monitoring category of the WindowSecurity.com Readers' Choice Awards.

"Our Readers' Choice Awards give visitors to our site the opportunity to vote for the products they view as the very best in their respective category," said Sean Buttigieg, WindowSecurity.com manager. "WindowSecurity.com users are specialists in their field who encounter various network security solutions at the workplace. The award serves as a mark of excellence, providing the ultimate recognition from peers within the industry."

WindowSecurity.com conducts monthly polls to discover which product is preferred by Network Security administrators in a particular category of third party network security solutions. The awards draw a huge response per category and are based entirely on the visitors' votes. WindowSecurity.com visitors can submit their votes for the current Readers' Award poll in the site's left-hand bar.

About EventSentry

EventSentry™ is a comprehensive real-time log, system and network monitoring solution. EventSentry helps customers meet their compliance requirements as well as prevent business outages with its powerful server health, network and environment monitoring components. The extensive software and hardware inventory capabilities in EventSentry provide additional value to its users.
