Dear Mr. Thomas:

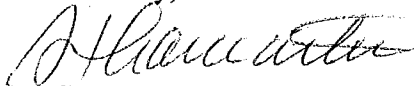

I administered a specific polygraph examination to the above named person on April 9, 2015 at my office in Lawrenceville. During the pre-test interview, Mr. Irons denied writing, forging signatures or being involved in any way in the publication of Dekalb County Ethics Opinion number 15. He requested the opinion, but he never received a copy. He also denied giving a copy of the opinion to anyone in Dekalb County Government.

The following relevant questions were asked of Mr. Irons:

1. Did you write that ethics opinion?
Answer: No.
2. Did you forge anyone's signature on that ethics opinion?
Answer: No.
3. Did you ever give a copy of that opinion to anyone in Dekalb County Government?
Answer: No.

After careful consideration of the polygrams of Mr. Irons, it is my opinion that there were no deceptive responses to the relevant questions.

Sincerely,

Gary T. Lancaster
Examiner
