The flat fee listing agreement to sell a home is the virtually the same as any other listing contract, except one big difference, it is only for \$3999.00. Traditional real estate companies in the same city offer to list a home for 2 ½ to 3%, which equates to around \$10,000.00 to \$12,000.00 based on current home value in Murrieta. To find out how to save a possible \$6,000.00 to \$8,000.000 dollars in commission fees by Murrieta flat fee listing agent click on the new blog here, <https://flatfeemlslistingmurrieta.wordpress.com/>

The secrets to saving money on real estate are really no secret at all. The key to not losing money on buying or [selling a home in Murrieta](#) is to minimize expenses. Whether a homeowner is doing a renovation, negotiating with contractors, or landscapers, saving money is the name of the game. This is why a local real estate broker is claiming their office is offering the best flat fee MLS listing service in Murrieta for consumers. A flat fee listing service takes the negotiating away from the real estate deal. Similar to the new car companies that offer to buy and sell cars without having to negotiate back and forth with a sales person for the “best deal”. A fast growing trend in real estate is sort of the same. Many consumers do not know that the commissions earned by a real estate broker is negotiable, and that phrase “you get what you pay for” is not necessarily true in real estate. Because of the explosion of real estate sites like Zillow and countless others, buyers find homes for sale in [Murrieta California](#) without the assistance of an agent. Posing the question, why pay a Realtor 3% to list a home when the buyer is likely to find the home for sale themselves online.
