# Comprehensive Suite of Services

Our mission is to provide a broad range of green services to protect and beautify your home. As the leaders in botanical plant-based, eco-friendly termite solutions, we continue to build our company on the foundation of superior customer service with people and pet friendly products. We have also grown to be the Bay Area's pacesetter for pest control services. Additionally, our construction team can make simple termite repairs or remodel your home to fit your family's changing needs.

## Termite Services

As the innovators of eco-friendly termite solutions for the greater Bay Area, we pride ourselves on delivering effective, convenient, green solutions that are people and pet friendly. Our termite treatments include:

- **Drywood Termites**
- **Subterranean Termites**
- **Effective Treatments: Orange Oil and Green Products**
- **Convenient Service: Moving out is not necessary**
- **Unconditional Warranty: Two Year Guarantee**

**Pest Control** Our general pest control was built on the values of botanical plant-based products that are safe for your family and deliver effective results. We have programs for the following:

- **Ants**
- **Spiders**
- **Cockroaches**
- **Bed Bugs, Mites and Fleas**
- **Yellow Jackets and Wasps**
- **Rodents: Rats and Mice**

We handle a wide variety of pest control including; *millipedes, silverfish, moths, and more.* Let us customize a plan for you.

**Construction** Our full service, experienced, licensed team can provide complete green building solutions. We focus on craftsmanship and delivering outstanding value for your family's most important spaces.

- **Termite Repair**
- **Dry Rot Damage**
- **Kitchens Remodels**
- **Bathroom Redesigns**
- **Decks and Arbors**

No matter how large or small of a project we pay attention to every detail and deliver exceptional craftsmanship with integrity and professionalism. Let us bid your next project.
