

## What's New and Improved on Clarionsafety.com?

Clarion has launched a new user-friendly website and we're proud to introduce you to its new features!

- **Incredibly easy-to-navigate design:** the new streamlined look and feel allows you to quickly find the products and information you need.
- **Completely refreshed Resource Center with:**
  - Up-to-date safety sign and label learning centers containing the latest information on standards and best practices in the field of safety communication
  - A state-of-the-art video library on today's workplace and product safety issues
  - FAQs, technical data sheets and material documentation
  - Resources on subjects like product liability, CE compliance and risk assessment
- **Coming soon! Simplified product navigation and shopping:** our new "filtered search" feature allows you to easily locate and order the safety signs and labels you need to reduce risk and protect people.
- **Custom signs and labels section:** spark ideas about how to tailor your signs and labels to better meet your exact market requirements.
- **Efficient online account and ordering tools:** register for an account to place and track orders online with ease.
- **Access to up-to-date thought-leadership:** the experts at Clarion are actively involved on the U.S. and international standards committees in this field. Our cutting-edge knowledge is at your fingertips with our:
  - Clarion blog
  - Press releases about advances in safety communication
  - Featured articles by our experts
  - Connections to our safety conversations on Facebook, Twitter, YouTube and LinkedIn
- **Enhanced live chat:** take advantage of real-time communication with our friendly customer service staff, including secure screen sharing, when help is needed.
