Ness Turf Equipment Adds Club Car Carryall 710 LSV to Product Line *Powerful, Compact, and Versatile Street-Legal Vehicle*

Kapolei, HI (June 4, 2015) – Ness Turf Equipment, the premier distributor of ag and turf solutions in the Hawaiian Islands, announces the expansion of their Club Car product line with the Carryall 710 LSV. The Carryall 710 LSV is the best choice for transporting tools on and off the golf course. This street legal vehicle is environmentally friendly and can be driven on streets with a speed limit of 35 mph or less.

Terence Yogi, Sales Representative, says, “The powerful Carryall 710 LSV has a payload of 1,250 pounds and a 21 peak horsepower. This Club Car can do what a full-size pickup can do. Unlike a full-size pickup truck, the Carryall 710 LSV’s compact design is ideal for maneuvering easily in tight spaces.”

Leonard Smith, General Manager, adds, “This all-electric Club Car low speed vehicle features an on-board charger to ensure you have the power you need to keep you going.” Smith concludes, “The lightweight, rustproof, air-craft-grade aluminum frame is exclusive to Club Car. Each Carryall 710 LSV is built to last.”

Contact Leonard Smith, General Manager, at 808.486.8301 or lsmith@nessturf.com for more information on the Club Car Carryall 710 LSV.

About Ness Turf

Ness Turf Equipment has been providing ag and turf solutions for over 50 years in Hawaii and the Outer Islands, Guam, American Samoa and Saipan. Ness Turf Equipment offers unparalleled customer service and the best sales, parts and service available for golf courses, sports fields, and state and federal municipalities. Ness Turf Equipment is proud to be part of the Ness family of companies. Every year since 2005, the company has been named one of Hawaii’s top 250 businesses by Hawaii Business magazine.
