Gateway Suite Applications

With the advent of charter schools, online learning and alternative learning, records requests in school districts have grown exponentially in the last couple years. Records Request Gateway alleviates this burden by taking the records request process from the front office to the internet with an intuitive online records request process with fee collection and electronic document delivery.

The sheer amount of paperwork involved in hiring a new employee is staggering. Time and money is wasted at nearly every step of the process, from copying, routing and filing forms to retrieving, updating and archiving existing documents. And that's before taking into account the legal and compliance issues created by an ever-expanding web of state and federal regulations.

Saving money is at the forefront of every school board discussion. Clean existing bad data and ensure only those students eligible to attend your district are the ones attending with SRC Solutions Address Purification Gateway.

Parent Communication and engagement shouldn't go away in the digital age. It should only improve. Schools and Districts can now electronically share personally sensitive documents with parents including Report Cards, Progress Reports, Medical Visits and much more.

Throw out that manual Parent Conference process and let Parent Conference Gateway automate your parent, guidance, college fair, and career conferences.

Gateway Suite Modules

Geographic district boundary awareness, school assignment and plotting of hundreds of data points creating infinite reporting and data analysis possibilities.

Graphical data analysis with scheduled report exporting, custom report creation, report based notifications and much more.

Scanning and distribution of historic or archived school or district student documents to On Demand K12 Gateway Electronic Cumulative Folders.

Intuitive Discipline reporting, escalation and archiving process supporting and integrated with PowerSchool Incident Management.

Direct network scan access to On Demand K12 Gateway Electronic Cumulative Folders eliminating risky browse and upload processes.

Complete athletics registration and fee collection for the entire school year including waiver collection, eligibility determination and more.
