Yusen Logistics Named a Top 100 3PL Provider by *Inbound Logistics* Magazine

Secaucus, NJ: Yusen Logistics (Americas) Inc., a leading global third-party logistics provider, has been recognized as one of the Top 100 3PL Providers by *Inbound Logistics* for 2015. This is the fifth consecutive year that Yusen Logistics has received this acknowledgement.

“Receiving this recognition from *Inbound Logistics* is a great honor,” says John Simonsen, Vice President, Corporate Development. “I would like to thank our associates for their hard work, dedication and invaluable contribution to our organization. Their commitment to providing our customers with best-in-class service has been instrumental to our success as a global supply chain leader.”

“Yusen Logistics continues to provide the logistics, transportation and supply chain solutions *Inbound Logistics* readers need to achieve the visibility and control that drives successful supply chains,” says Felicia Stratton, Editor of *Inbound Logistics*. “Yusen Logistics is flexible and responsive, anticipating customers’ evolving needs. The company deserves recognition for providing the innovative solutions empowering logistics and supply chain excellence in 2015.”

Inbound Logistics’ Top 100 3PL Providers’ list serves as a qualitative assessment of service providers it feels are best equipped to meet and surpass readers’ evolving outsourcing needs. Distilling the Top 100 is never an easy task, and the process becomes increasingly difficult as more 3PLs enter the market and service providers from other functional areas develop value-added logistics capabilities.

Each year, *Inbound Logistics* editors select the best logistics solutions providers by carefully evaluating submitted information, conducting personal interviews and online research, and comparing that data to its readers’ burgeoning global supply chain and logistics challenges. *IL* editors selected this year’s class of Top 100 3PLs from a pool of more than 300 companies. The service providers it selected are companies that, in the opinion of *IL* editors, offer the diverse operational capabilities and experience to meet readers’ unique supply chain and logistics needs.

About *Inbound Logistics*

Inbound Logistics is the leading trade magazine targeted toward business logistics and supply chain managers. The magazine’s editorial mission is to help companies of all sizes better manage corporate resources by speeding and reducing inventory and supporting infrastructure, and better matching demand signals to supply lines.
