

IN THE PAST 7 YEARS **462,089** LIVES SAVED!¹
This impact is among clients visiting a Care Net center who are at risk for abortion.

PREGNANCY CENTERS

Approximately 1,130 Care Net affiliated pregnancy centers welcome those facing unplanned pregnancies with life-affirming compassion, hope, and help. Every year about 30,000 people volunteer at these pregnancy centers. And since 2009, there has been a 37 percent growth in the number of Care Net centers providing free ultrasounds to their clients.

HOW HAVE WE SERVED IN THE LAST SEVEN YEARS?¹

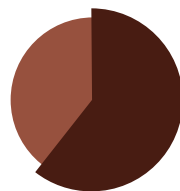

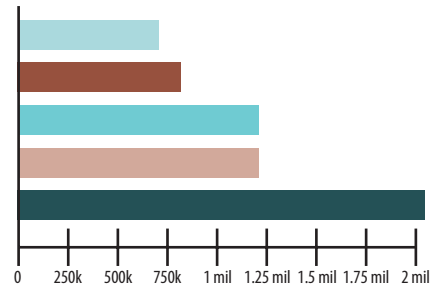

8 out of 10 women who are considering abortion when they visit a Care Net Pregnancy Center

CHOOSE LIFE

for their unborn children.

57%

of abortions are performed on women ages 20-29²

54%

of Pregnancy Center Clients are ages 20-29¹

PDL reaches the MOST ABORTION DETERMINED

PREGNANCY DECISION LINE

REACHING THOSE MOST AT RISK

Care Net operates the Pregnancy Decision Line (PDL) — the only national call center and Internet website designed to reach people considering abortion with immediate pregnancy decision coaching, information, and referrals.

WHO WE SERVE

81%

of PDL contacts are at risk for abortion.

Over 100,000 visitors to the website have been a result of targeted keyword advertising supported by donations.

1. Statistics come from internal data collection and the 2008-2014 Annual Statistics from Care Net affiliated pregnancy centers.

2. Jones RK, Finer LB, and Singh S, Characteristics of U.S. Abortion Patients, 2008, New York: Guttmacher Institute, 2010.

A VOICE OF HOPE ON THE LINE

Pregnancy Coach: Hello, this is the Pregnancy Decision Line, how can I help you?*

Caller: I want to know about having an abortion. I need one as soon as possible. I already have a 10-month-old daughter, and I don't have enough money for another baby. I work third shift at a convenience store. I don't want to be a mother again.

Pregnancy Coach: Is the father of the baby around for support?

Caller: No, he wants me to get an abortion. My mother helps sometimes, but I can't count on her. I can't do this alone. I don't want to be a mother! I need to know about the procedure, now.

Pregnancy Coach: OK. Let me share with you some information about abortion.

Caller: [*Crying noises heard in the background.*]

Pregnancy coach shares details about impact of abortion on the mother and the baby, the procedure itself, and the risks involved, etc.

Pregnancy Coach: I know this can be very difficult to hear. Are you OK?

Caller: [*Sobbing*] No, I'm sorry. I know God will punish me for wanting an abortion. But what choice do I have? I cannot be a mom again... I just can't.

Pregnancy Coach: Take your time and cry. I'll be here to listen when you're ready.

Caller: [*Still sobbing*] It's like, all my life I've always thought of myself as a failure, that I was never accepted.

Pregnancy Coach: God loves you no matter what. He paid the price for your sins and mine. God doesn't punish, God forgives us with His gracious and powerful love.

Caller: I just feel so much pressure...

Pregnancy Coach: Would you mind if I prayed with you? And then I'd like to give you some information so that you can get in touch with one of our pregnancy centers. They can help you. You are not alone.

Caller: OK. Thank you.

The Caller chose life for her baby! This is the kind of lifesaving impact you are making with your support of Care Net's Pregnancy Decision Line!
