

## ■ ■ What is MaturityPoint™?

- MaturityPoint™ is a simple, yet powerful configurable maturity assessment application
- Can be used for measure business capability maturity across your entire Enterprise
- Leverages SharePoint so teams can collaborate and assess all change initiatives in one place

## ■ ■ Core features

*Assesses 4 Key Areas of Maturity*

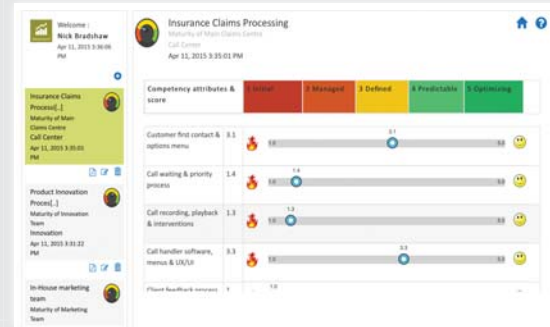

- MaturityPoint™ can be used to assess any business capability across the Enterprise
- You can configure assessments with any number of attributes
- Use generic or custom defined 5 step scoring models
- Gain an insight of maturity across the entire Enterprise with summary dashboard
- Export your maturity assessment via one touch export to PDF
- Uses the collaborative power of SharePoint to allow others to contribute & assess the project

## ■ ■ How does it work?

- The solution architecture is very straightforward and the software runs as an App in SharePoint
- Easy for you to run the solution in existing On-Prem SharePoint 2013 or O365 SP Online
- Once installed, the application allows you to immediately create a new maturity assessment
- Simple work flow makes it easy to build your maturity assessment
- Conduct maturity assessments for products, processes, services and departments in your business
- You can edit and re-score your assessment at any time
- Once the assessment is complete, the assessment is saved, dated & time stamped
- One touch export to PDF to SharePoint, desktop & mobile

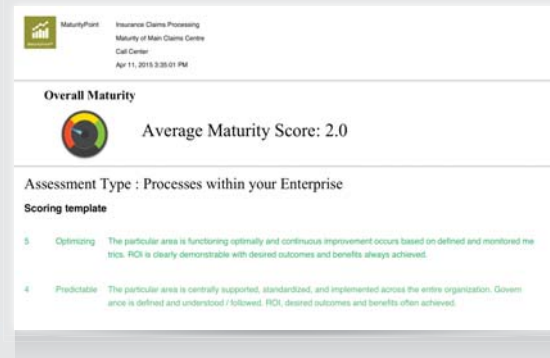

Enterprise Maturity Dashboard

5 Step Scoring Model & Sliders

Configurable Workflow for any Assessment

Auditable Maturity Report

## Outputs & Reports

- At a glance you can see a dashboard summary for every maturity assessment in your enterprise
- MaturityPoint™ uses RAG dials to highlight top level scores
- Drill down to see underlying problem areas in your Enterprise
- One button report generation with PDF export allows all information to be captured and shared
- Results are presented in a simple and easy to read format
- Build a picture of your progress towards improvement across the enterprise

## Benefits
