Atlas RFID Solutions Makes Inc. 5000 List 4 Years in a Row
Company ranks #1224 nationwide and #19 in Alabama

Birmingham, Ala., September 1, 2015— Atlas RFID Solutions, [the world leader in modern materials management for industrial capital assets](#), today announced that *Inc.* magazine has published their 2015 500|5000 List of the Fastest Growing Companies in America and ranked Atlas RFID Solutions No. 1224. The company also ranked No. 19 in the Top 100 Alabama Companies list. This is the fourth year in a row that Atlas has been named to this list of top-performing companies across the United States, representing only a small fraction of the nation's private businesses.

Inc. released the list in August at Inc.com, offering the most comprehensive ranking analysis of companies across all industries and markets. Atlas experienced a growth of 344% across a three-year period, with the software industry as a whole realizing a 158% aggregate growth rate over the same period. Since the ranking data was gathered in January, Atlas staff has nearly doubled.

"Our company has experienced significant growth as the industrial construction market increases its demand for solutions to improve efficiency and labor productivity. Jovix has grown as our industry recognizes the value of integrated technologies on a single-project basis or across an enterprise. We continue to listen to our clients and deliver a superior product all over the world," states Robert Fuqua, Founder and CEO.

Complete results of the Inc. 5000, including company profiles and an interactive database widget, can be found at www.inc.com.

About Atlas RFID Solutions

Jovix is an award-winning materials management application developed by Atlas RFID Solutions specifically for the industrial asset market. Jovix combines web-based server software with mobile and auto-ID technologies to extend access to information to decision makers in the field, as well as digitize and automate manual paper-based data collection processes. Jovix provides value for Owner/Operators, EPC firms, contractors, fabricators

and suppliers by removing impediments to productivity that result from material readiness issues.

To learn more about Jovix, Atlas RFID Solution's modern materials management application used on more than 200 sites across the globe, and how it helps industrial construction projects and operating assets increase efficiency, protect schedule and reduce unnecessary costs, visit www.atlasrfid.com or call +1 855-568-4151 in the US or +1 587-487-5737 in Canada.

About Inc. and the Inc. 500 | 5000 Methodology

The 2015 Inc. 5000 is ranked according to percentage revenue growth when comparing 2011 to 2013. To qualify, companies must have generated at least \$100,000 in revenue by March 31, 2011 and at least \$2M in revenue in 2014. Companies must also be privately held, for profit, based in the U.S., and independently operated.

About *Inc.*

Founded in 1979, *Inc.* is the only major brand dedicated exclusively to owners and managers of growing private companies, with the aim to deliver real solutions for today's innovative company builders. *Inc.* enjoys a total audience of 1.4 million readers for their print edition and 9.8 million unique visitors to their digital edition, and focuses on entrepreneurial successes, news, and trends.
