

GameTop Changes Gaming Landscape with Free, Fully-Functional Downloadable Games

GameTop is providing individuals around the world with a platform to download and play thousands of full-version games for free.

Singapore – Aug. 28, 2015 – Gaming is one of the most popular pastimes for people of all ages and [GameTop](#) CEO, Sergey Eliseev, is taking gaming enthusiasts to new realms through the firm’s free gaming platform. The firm offers games for children, teens and adults, with new games being added as quickly as they become available. Game selections can be downloaded and played without charge for as long as individuals choose.

“GameTop – stop paying for games,” said Eliseev.

The site provides downloadable games in every genre, from casual matching games, intensive and interactive war games, to the most addictive games ever developed. Players can choose from games designed for PC, Mac, iPad, iPhone and Android operating systems.

Categories encompass puzzle, hidden object and action games, along with sim and farm, arcade, sports and card games. GameTop provides visitors to the site with videos, screenshots and descriptions to assist individuals in choosing the games that best meet their interests. Children can play fun learning games while parents save the world from zombies.

The firm specializes in the downloadable game market and GameTop takes great care to ensure the company’s roster of games is virus free and safe for download. The company’s games are fully-featured versions and contain no annoying ads, enabling gamers around the globe to download, play and enjoy their favorite type of gaming entertainment.

GameTop specializes in downloadable games, casual games and free games to accommodate an extensive variety of tastes and preferences. Purchasing new games can be cost prohibitive. GameTop enables adults to enjoy their favorite gaming pursuits without breaking the bank and provides a convenient resource for children’s games that grows with them as their tastes change and develop.

The entrance of GameTop into the online gaming scene offers game players with one of the best opportunities available to play old favorites and try new offerings. GameTop specializes in casual games and free games for hours of free entertainment on a platform that’s revolutionizing the way people enjoy gaming.
