Feed your child's body with Vitamin Code® Kids, a yummy, cherry-berry chewable multivitamin specifically designed to meet the unique nutritional needs of kids. Vitamin Code® Kids is made with Food-Created Nutrients, providing the essential vitamins and minerals kids need for extraordinary health and vitality.†

- Immune Support†
- Support for Growing Bones†
- Digestive Health†
- Mental and Physical Energy†
- Eye Health†

Your child's body is designed to recognize and utilize nutrients best when they come from food. When vitamins or minerals are isolated from food or synthesized in a lab, their cofactors can be removed, inhibiting their ability to effectively nourish the body. While a diet rich in whole foods is the best way to consume nutrients, if you are going to supplement your child's diet, you should seek out a whole food multivitamin made with Food-Created Nutrients. Vitamin Code Kids is for children ages four and up and is vegetarian and is gluten-free.

## CLEAN
