

eFolder Announces Silver Sponsorship of SpiceWorld Austin 2015
eFolder to Showcase Cloud-to-Cloud Backup Solution to 1000 IT Professionals

Austin, TX – September 23 2015 – [eFolder](#), a leading supplier of business continuity, cloud data protection and cloud file sync solutions, today announced that it is a Silver Sponsor of SpiceWorld 2015 in Austin, Texas from September 23-25. Conference goers will have the opportunity to visit eFolder at booth 33 to learn more about eFolder Cloudfinder, the company's cloud-to-cloud backup solution for Salesforce, Office 365, Google Apps and Box.

SpiceWorld is an annual IT conference hosted by Spiceworks that connects IT professionals, channel partners and IT vendors. The conference consist of upwards of 1000 IT decision makers from a variety of industries including manufacturing, healthcare, non-profit, education, government and finance. eFolder will be showcasing eFolder Cloudfinder, a cloud-to-cloud backup solution that helps IT administrators and IT service providers backup, search and recover SaaS application data.

Cloudfinder is the most comprehensive cloud-to-cloud backup solution on the market, providing backup, instant full-text search, and restore capabilities for cloud applications, including Salesforce, Office 365, Google Apps and Box. Cloudfinder's unified interface lets administrators search for and recover data across multiple cloud applications and users. Organizations using Cloudfinder can rest assured that their cloud application data is searchable and recoverable in the event of data loss.

"eFolder is excited to be a silver sponsor of SpiceWorld 2015 and connect with the Spiceworks network, one of the most progressive IT communities," says Ted Hulsy, vice president of marketing at eFolder. "Members of Spiceworks, IT administrators and service providers are collectively ushering in a new era of cloud applications. With eFolder Cloudfinder, we are able to help support the objectives of businesses that choose to move to the cloud by ensuring that their cloud application data is protected, no matter where it resides."

Attendees can receive a demonstration of eFolder Cloudfinder by visiting eFolder at booth 33.
