Eastlake Center for Implants and Restorative Dentistry and Mayur Mehta, DDS made it into *Guinness World Records*™ for the oldest person to have dental implants.

Palm Harbor, Florida, September 29, 2015:

A Guinness World Record™ was created when Dr. Mayur Mehta, DDS of Palm Harbor, Florida placed dental implants on Filomena Battista on December 6, 2012 when she was 100 years, 210 days old.

Ms. Battista continues to enjoy her dental implants and teeth today at the age of 103.

Ms. Battista and Dr. Mehta will commemorate the achievement of having been awarded a Guinness World Record™ Certificate at a reception on October 18, 2015. All media are invited to the event. Please RSVP to Faith Tracey at info@eastlakecenterforimplants.com.

“This dispels the myth there is any age limit to have dental implants placed. Anyone who wants to improve their quality of life can do so without worrying about age.” said Dr. Mehta.

Dr. Mayur Mehta and Eastlake Center for Implants and Restorative Dentistry specialize in dental implants.

Please contact Dr. Mehta’s office for more details.

See attached pictures and video of Filomena Battista [here](#).
