## You Sweat... We Pay!™

“ KrowdFit™ is a member driven wellness rewards program that provides you the ability to earn cash rewards for engaging and sustaining a healthy, active lifestyle.

## KrowdFit delivers Results!

There is no silver bullet, change occurs over time, step by step which is why we built KrowdFit to reward the “EFFORT” our members make to consistently engage in healthy activities related to Sleep, Diet and Exercise.

***We are not rewarding the person who loses the most weight, nor are we rewarding the fittest person. We believe if you reward the effort the results will follow!***

We engage the whole company because after all wellness starts at the top! From getting your workforce excited about the wellness programs, to keeping them involved over time by creating engaging, meaningful cash rewards, rather than relying solely on cute games, short-term weight loss challenges or superficial social-network escapes.

KrowdFit evolves as your fitness goals are achieved. Keep living healthy and keep on winning cash with KrowdFit!
