**Atlas RFID Solutions Ranked in Deloitte Technology Fast 500
Three Years in a Row**

Ranked Number 202 in North America with 368 Percent Growth

Birmingham, Ala., November 17, 2015— Atlas RFID Solutions, [the world leader in modern materials management for the capital asset market](#), announced today it ranked #202 on Deloitte's Technology Fast 500, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences, and energy tech companies in North America. Atlas RFID Solutions grew 368 percent during this period.

Atlas CEO Robert Fuqua credits demand for process efficiencies with the company's 368% revenue growth. He says: "Our Jovix solution has experienced significant growth as the industrial construction market increases its demand for integrated solutions that improve visibility into construction processes that increase efficiency and labor productivity. We continue to listen to our clients and deliver a superior product all over the world."

"Amid a fierce business climate, there seems to be no shortage of new and established companies that are unlocking a seemingly unlimited potential for growth and advancement through technology's continued disruption and proliferation across industries," said Sandra Shirai, principal, Deloitte Consulting LLP and U.S. technology, media and telecommunications leader. "It is inspiring to witness the innovative ways that companies are incorporating emerging technologies for business gains, be it cognitive computing, or the Internet of Things. We congratulate all those ranked on this year's Fast 500 and look forward to seeing their continued growth into 2016."

"Through the efforts and utilization of new and emerging technologies from these companies, we are witnessing greater business demands from across almost all industries," added Jim Atwell, national managing partner of the emerging company practice, Deloitte & Touche LLP. "We look forward to the opportunity to serve these companies as they strive to grow to the next level – be it towards introducing new solutions or entering new markets – and with it make important and long lasting impressions on the technology market as a whole."

Atlas previously ranked 180 as a Technology Fast 500 award winner for 2014, and 203 for 2013.

About Deloitte's 2015 Technology Fast 500

Deloitte's Technology Fast 500 provides a ranking of the fastest growing technology, media, telecommunications, life sciences and energy tech companies – both public and private – in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2011 to 2014.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

About Atlas RFID Solutions

Jovix is an award-winning materials management application developed by Atlas RFID Solutions specifically for the capital asset market. Jovix combines web-based server software with mobile and auto-ID technologies to extend access to information to decision makers in the field, as well as digitize and automate manual paper-based data collection processes. Jovix provides value for Owner/Operators, EPC firms, contractors, fabricators and suppliers by removing impediments to productivity that result from material readiness issues.

To learn more about Jovix, Atlas RFID Solution's modern materials management application used on more than 200 sites across the globe, and how it helps industrial construction projects and operating assets increase efficiency, protect schedule and reduce unnecessary costs, visit www.atlasrfid.com or call +1 855-568-4151 in the US or +1 587-487-5737 in Canada.
